Northwest Tank & Environmental Services, Inc

Vacant Position - Compliance Tester / UST Technician (25 March - 11 April 2013)

- **POSITION DESCRIPTION** Conduct compliance testing on underground storage tanks and other equipment installed at gas stations. These tests include, but are not limited to Cathodic Protection, Precision Tightness, Vapor Recovery and Calibration to comply with federal, state and local regulations

- **WORKING CONDITION** Training and certifications requirements expenses will be provided by the company. These certifications and training sessions are required instruction periods that will be attended by the employee during their upgrade to a fully accredited UST Supervisor. All certifications and training are paid for by the company. The working conditions are outdoors, hours vary from day and night, Monday through Friday and usually not weekends

- **MINIMUM REQUIREMENTS** Applicant must be 21 years old, have a High school diploma (college credits or degree preferred), basic general knowledge of computers and their programs, motivated and task oriented while working alone, at a site, has clean driving record, and must be able to demonstrate an understanding and application of troubleshooting capabilities. Technician will be supplied with a company vehicle for all travel to jobsites once certified

- **LOCATION** This position will cover testing in the entire state of Washington and Oregon; although, the main area of operation will be the Pierce, Kitsap, King, and Snohomish counties. Corporate headquarters is in Snohomish, Washington. An ideal location for this position is in the area of **Pierce County**

- **WAGES & BENEFITS** Pay starts at **$1320** /bi-weekly salary and will increase to **$1960** / bi weekly salary incrementally once the candidate becomes a fully certified UST Supervisor; this usually occurs within 4-6 months. Benefits include full medical insurance, one week paid vacation, six paid holidays, and 401k matching contributions

- **RELOCATION COMPENSATION** Company will pay a percentage of relocation or a cash signing bonus for testers who are currently ICC certified and have experience.

- **HOW TO APPLY.** Send an e-mail requesting an application to [redacted]; only candidates who return a completed application will be considered for an interview

The last 15 years US Leasing Corp has been geared towards Fortune 2000 companies. We are now offering financing solutions for the small to mid-market end users. Your company has been ***pre-selected*** for this one page program. This program has been designed for a fast funding process with little to no paperwork.

If you are in the market for equipment or working capital, please do not hesitate to call to get your ***FREE NO OBLIGATION QUOTE***, as you can see our low rates that the local banks are no longer offering. Please call ***866-501-2201*** to go over your next transaction. You can also activate your pre-approval on our website www.usleasingcorp.com under ***pre-approved customers.***

HOW DID WE GET YOUR INFORMATION? Your Dun & Bradstreet Paydex score scored above a 71 which qualified you for our one page program. We then used Experian Business Reports and your company rated high in a nationwide industry standard which is why you received the pre-approval.

Recently Funded Transactions as of 1/13/2014
$50,000 – Machine Shop – CNC Machine – Frankfort KY
$18,000 – Landscape – Utility Vehicle – Seattle WA
$255,000 – Logging – Working Capital – Auburn GA
$5/5,000 – Manufacturing – Thermoforming Machine – Fort Worth TX

Thank you,

Jonathan Hamilton

Roasted Cocoa Cauliflower

Roasted Cocoa Cauliflower

Preheat oven to 400°F. Toss cauliflower florets with olive oil, cocoa powder, cumin, smoked paprika, garlic powder, salt, and pepper until evenly coated.

Spread in a single layer on a large baking sheet. Roast for 25–30 minutes, stirring halfway through, until tender and lightly charred at the edges.

Squeeze lemon juice over the hot cauliflower and toss. Sprinkle with chopped parsley and serve warm.

"Preparen el Camino del Señor, enderecen sus senderos"
—Marcos 1 3

LA JARDANZA DE DIOS

En tiempos de grandes dificultades los burlones se mofan diciendo: "¿Donde está Dios? ¿Por qué no viene tu Dios a salvarte ahora?" Y nosotros, gente de fe respondemos casi igual como lo hizo Pedro en la segunda lectura de hoy: la "tardanza de la segunda venida del Señor no es ningún tipo de castigo ni un fallo en la promesa divina, sino un signo de amor de la paciencia de Dios. Dios está dando a todo el mundo la oportunidad de buscar el arrepentimiento. Dios no hace la vida más difícil. Más bien, una vez más, desarrolla la carga para los judíos exiliados que regresan a su país después de cautiverio en Babilonia. Fue Dios quien personalmente los guio preparándoles una "calzada recta" para ellos a través del desierto. Nos animas a nosotros antepasados en la fe que es perabua poder ver al Escogido de Dios delante de ellos y que finalmente se dieron cuenta de que el Señor también caminaba a su lado.

TRADICIONES DE NUESTRA FE

El día 9 de diciembre conmemoramos a San Juan Diego de Mexico. Hace un par de años este indígena mesoamericano fue canonizado por la iglesia en las apariciones Guadalupanas.

Hubo controversia alrededor de su canonización porque había quienes insistían que Juan Diego nunca existió. Después de investigar el Vaticano dio fe de que no sólo existió, sino que fue y es santo digno de ser modelo e intercesor. Las investigaciones demostraron a que el nombre indígena de Juan Diego era Cuauhtlatoatzin es decir "Aguila que habla" Tal vez por este nombre tan significativo fue que los franciscanos lo bautizaron Juan Diego. El nombre Juan recuerda al apóstol que un principio el evangelio mas místico y mejor símbolo es el aguila Diego viene del apóstol Santiago y san Diego quiere evangelizó a los españoles durante al siglo I. De cualquier manera Juan Diego Cuauhtlatoatzin se convirtió en el "Aguila que habla y anuncia el evangelio místico según Guadalupe, su "Aguila que habla" de jesus paz consuelo y desafío en una tierra como nada, oprimida y llena de promesa

CAMPAÑA DE DONACION DE SANGRE

Gracias a todos los que donaron sangre en septiembre. Recibimos más de 40 donaciones. El Domingo 11 de diciembre habrá otro evento de donaciones en el centro comunitario de Holy Ghost de las 8 00 am hasta la 1 00 pm. Siempre hay escasez de sangre durante los días de fiesta. La mejor manera de empezar al adviento es donando el Regalo de Vida. Para hacerlo cita y reservar el tiempo de su donación puede su nombre en una de las hojas en las mesas de las entradas de la iglesia. También puede hacer cita por el internet en www.givelifetod.org entre al Digital Donor y entre al código 0064

This above mentioned driver hereby authorize

Fly Lease 2 Lease Transport

all Person information pertaining to my status for commercial motor vehicle

To release my driving and safety performance history and other information pertaining to my activities for commercial motor vehicle operations to Eagle Logistics Services

DISCLOSURE AND RELEASE

In accordance with DOT Regulation 49 CFR Part 40, I authorize the release of information from my DOT regulated drug and alcohol testing records by the current/former employer listed above in Section "Driving Experience" of my application for employment to Eagle Logistics Services. I understand that the purpose of this release is to obtain information for the sole purpose of determining such access to Eagle Logistics Services. I authorize release of the following information concerning DOT drug and alcohol testing violations, refusing to participate tests during the past three years: (1) alcohol tests with a result of 0.04 or higher; (2) verified positive drug tests; (3) refusals to be tested (which also includes verified adulterated or substituted test results); (4) other violations of DOT drug and alcohol testing regulations, including but not limited to those violations listed in 49 CFR Part 40, Subpart O; and (5) completion of the return-to-duty process following a violation. I also authorize the carriers from my safety sensitive function identified above to release information about my performance of safety-sensitive functions, including but not limited to, any alcohol and drug violations, accidents, incidents, disciplinary actions, and refusals to submit to testing.

This information shall have authorized Eagle Logistics to review, as well as required by DOT, if any carrier (company/school) listed above furnished Eagle Logistics with information concerning items 1, through 5 as listed above. I also authorize the current/former employer to release and furnish the above information regarding any alcohol and/or drug tests with results to be confirming the 0.04 or greater per test and the name and phone number of any substance abuse professionals who evaluated me during the past three years.

The Print Quality Check Sheet

Check that the dotted lines forming the four color blocks are all visible with no gaps.

This Brother Inkjet machine has been finely tuned to provide excellent, accurate and long lasting printed pages when using Genuine Brother Innobella(TM) ink.

The use of non-Brother inks in this machine may potentially result in inferior output quality and/or machine damage.

Any required repairs for damages proven to result from using non-Brother inks in this machine may not be covered by the original machine limited warranty.

We strongly suggest you use only Genuine Brother Innobella(TM) inks when it is time for you to replace the ink cartridge(s).

Hello!

This is a sample fax file which is being sent to you as per your request via the Interpage FreeFax(sm) Service.

This service is intended to provide a preliminary evaluation as to the quality and timeliness of Interpage's subscription fax service(s).

If you review the cover sheet which was transmitted with this fax, you will note the first letter of the name you had indicated in the TO: field of the FreeFax request page. This letter serves to correlate the fax request which you had sent with this trial fax transmission result.

This file is a sample MS Word file; many other file types are supported.

If you have any questions regarding Interpage's OutFax(sm) Service, including the FaxToEmail(sm) service with as-low-as per-minute charges, please feel free to contact us at:

Phone: +1 (510) 315 2750 9AM to 5:30 PM M-F Pacific Time

E-Mail: fax-support@interpage.net

Web: http://www.interpage.net

Thank you for your interest!

Notice: Due to the misuse of the FreeFax service, interpage will no longer receive free requests for demonstration messages. Only 1 request from a single user will be honored. You may still obtain a trial account for evaluation purposes by filling out the form at: http://www.interpage.net/fax/free-trial.html, qualifying by billing information. Also by indicating a valid e-mail address and subscribing to interpage's free "News Alert" (E-Mail) service.

2. This facility is a valuable tool for all of those sent by a visitor to interpage's web site. It is in valid your check of the number of pages sent of this fax. As this visitor may not receive a call or a fax from us, please let us know. However, if you find that you are receiving "more" or "unwanted" faxes, please call us at (510) 315-2750 and let us know. Thank you for your interest in interpage's services.

TOPOLOGICALLY INDUCED INSTABILITY IN STRING THEORY

Brett McInnes

Department of Mathematics

Republic of Singapore

ABSTRACT: Using Witten's generalised *AdS CFT* correspondence we show that there are certain cliffe entitable manifolds Z^{10} such that string theory is unstable to the formation of "large branes" on Z^{10} *no matter what the metric may be*. Therefore the instability is due to certain different topology of the background, not to its geometry. We propose a precise formulation of this restriction on the topology of string backgrounds, and give evidence for its validity. This observation is suggested to introduce particular geometric/topological techniques which are likely to be useful in further applications of the *AdS/CFT* correspondence.

1 INTRODUCTION

One of the drawbacks of General Relativity is that it fixes the topology of spacetime if at all, only partially and indirectly [1]. For example, should it prove to be the case that our four-dimensional Universe can be represented by a FRW geometry with compact spatial sections of constant negative curvature [2], then we cannot appeal to GR to explain why the fundamental group of the universe has one structure rather than another; for that we must look to string theory.

Unfortunately, the precise way in which string theory fixes topology is far indeed from being understood. In order to study this question, we need concrete examples of string backgrounds such that the theory misbehaves in some way *no matter what the metric tensor may be* so that the misbehaviour can be attributed to the *topology* of the space in question, rather than to its *geometry*. A precise formulation of the topological property responsible for the misbehaviour might throw some light on the general ways in which string theory eliminates some topologies on account of others.

Subramanian Witten [3] have studied a fundamental kind of potential "misbehaviour" in string theory in the context of Type IIB on $AdS_5 \times S^5$. They observe that this system is potentially unstable against the emission of "large 3-branes". The relevant action has the following form

FAX Check from SV

Hurst and once with Miss Bingley declined being introduced to any other lady and spent the rest of the evening in walking about the room speaking occasionally to one of his own party. His character was decided. He was the proudest most disagreeable man in the world, and every body hoped that he would never come there again. Amongst the most violent against him was Mrs. Bennet, whose dislike of his general behaviour was sharpened into particular resentment by his having slighted one of her daughters.

Elizabeth Bennet had been obliged by the scarcity of gentlemen to sit down for two dances and during part of that time Mr. Darcy had been standing near enough for her to overhear a conversation between him and Mr. Bingley who came from the dance for a few minutes to press his friend to join it.

"Come, Darcy," said he, "I must have you dance. I hate to see you standing about by yourself in this stupid manner. You had much better dance."

"I certainly shall not. You know how I detest it, unless I am particularly acquainted with my partner. At such an assembly as this, it would be insupportable. Your sisters are engaged, and there is not another woman in the room whom it would not be a punishment to me to stand up with."

"I would not be so fastidious as you are," cried Bingley, "for a kingdom! Upon my honour, I never met with so many pleasant girls in my life as I have this evening, and there are several of them you see uncommonly pretty."

"You are dancing with the only handsome girl in the room," said Mr. Darcy looking at the eldest Miss Bennet.

"Oh, she is the most beautiful creature I ever beheld! But there is one of her sisters sitting down just behind you, who is very pretty, and I dare say very agreeable. Do let me ask my partner to introduce you."

"Which do you mean?" and turning round, he looked for a moment at Elizabeth, till catching her eye, he withdrew his own, and coldly said, "She is tolerable, but not handsome

Troubleshooting Steps

The steps below will help you resolve common faxing problems:

- Switch off fax machine and unplug power adapter from device and from wall outlet.
  - Let fax machine remain off for 60 seconds.
- Try a different phone cord between the fax machine and the Vonage device.
- Eliminate any splitters between the fax machine and the Vonage device.
- Connect fax machine directly to the Vonage device, bypassing any home wiring.
- If using an All-in-One device, temporarily disconnect device from PC.

Welcome to

Windows® Fax and Scan

FAX You can send and receive faxed documents on your computer without using a fax machine. You can also print, e-mail, or save a copy of your faxes.

To get started

1. Connect the phone wire to your computer.
2. If you have a phone that needs an external modem, connect the phone to the modem and then connect the modem to your computer.
3. On the Start menu, click **Windows Fax and Scan**.
4. In the Fax and Scan folder, click **Connect a fax modem** and then follow the instructions that appear on your screen.

To connect to other devices and programs, such as a fax modem and a fax server, click the **Help** button on the toolbar.

SCAN After you add a scanner to your computer, you can preview documents or pictures before you scan them, and then adjust your scan settings for better results. You can also fax or e-mail scanned files to someone else.

To get started

1. Connect your scanner to your computer. If the scanner has an automatic document feeder, load a document or picture into the scanner.
2. In Windows Fax and Scan, in the folder list, click **Scan**.
3. On the toolbar, click **New Scan**.
4. Choose the scan settings that you want to use, and then click **Scan**.

Use the options on the toolbar to e-mail, print, copy, or delete your scanned files. For more help with scanning, click the **Help** button on the toolbar.

With the installation of a harness kit, these appliances are Star-K compliant to meet strict religious regulations in conjunction with specific instructions found on star-k.org. You may purchase this harness kit through your Sub-Zero dealer. To obtain local dealer information, visit the locator section of our website, subzero.com

The Sub-Zero Model 642 side-by-side refrigerator/freezer is available in your choice of the framed or stainless steel doors application. Three stainless steel finishes are offered—classic (IS), platinum (IP) and carbon (IX).

Just six inches bigger than the Model 661, the 642 satisfies the need for additional storage. This mid-size unit for the side-by-side models for Sub-Zero is one of the most popular models for this configuration. The doors and interior storage seem to be everything a customer could need in their home.

Holidays for Today— International Anosmia Awareness Day (Anosmia is loss of the sense of smell)
International Polar Bear Day National Strawberry Day National Kahlua Day

Some guy bought a new fridge for his house. To get rid of his old fridge, he put it on his front yard and hung a sign on it saying "Free to good home. You want it, you take it"

For three days the fridge sat there without even one person looking twice at it. He eventually decided that people were too mistrusting of this deal, looks to good to be true, so he changed the sign to read" Fridge for sale $50" The next day someone stole it

WARNING! ENTERING THE PUN ZONE!

Mike walks into a bar with a newt on his shoulder.
The barmaid looks at the creature and asks the man what he calls it.
Tiny answers Mike. "Why is that?" inquires the barmaid. "Because he's my newt. concludes Mike

I had been teaching my seventh graders about World War II, and a test question was, "What was the largest amphibious assault of all time?"
Expecting to see "the D/Day invasion" as the answer, I found instead on one paper "Moses and the plague of frogs."

In one small town the Sheriff was also the Veterinarian.
One night he agitated citizen phoned him. "We need you right away!"
"Do you need me as the sheriff or the vet?"
"Both! We can't get our dog's mouth open, and there's a burglar in it!"

A.3 Conclusions

A.4 Acknowledgments

A.5 Additional Authors

This section is created by LATEX; you do not insert it. You just add the names and information in the \author{...} command at the start of the document

A.6 References

Generally, you create your bibliography file. However, there are two methods to create that bibliography file. The first is to use the thebibliography environment and format the bibliography entries as paragraphs. The second is to use a program such as BibTEX to automatically format bibliography entries. Note that the APA has very precise rules about how bibliography entries should be formatted. The following text is an example of a bibliography file created by BibTEX using the apalike format and the bibliography database for this article (sample.bib).

B. MORE HELP FOR THE HARDY

The acm_proc_article-sp document class file itself is chock-full of more verbose comments. If you consider yourself a moderately experienced to expert user of LATEX, you may find reading it useful but please remember not to change it.

Help Reduce Water Waste

Leaks and drips can make up over 10 per cent of a home's water consumption! That means water is simply going down the drain.

Let's all work together to conserve water by following these easy, simple steps.

- Check for, and repair, leaky pipes
- Use toilets that flush with an average of 4.8 litres of water or less
- Install 7.6 litres/minute showerheads
- Install water efficient front-load washing machines
- Ensure your irrigation system is running properly

Be a Leak Detective

- Read the water meter before going to bed at night. Assuming no one uses any water in the mean time, check the meter reading again when you wake up. If the last digit to the right has moved when no one used any water, you have a leak!

Instructions for Overseas Fax

- Calling From
- United States
- To
- Overseas
  - Locate the country code
  - The example below uses Country Code 44 for the UK

011 + *44* + Area Code+ Tel

- For the overseas call the 011 is used instead of dialing 1 for long distance
- Enter number into the fax machine using the pause key in place of the "+" signs
- Sometimes you will see a Fax # provided like this: +44 (0) 1509 851061
  - The (0) is usually not included if you watch the fax screen panel you will see that the 0 will automatically be imputed into the number once the call goes through. Also don't forget to dial 011 in front of the number

Note: These are general instructions that have worked for most all faxing. Be sure you have the correct country and have verified all information. The pauses may vary depending on where your calling. Do an Immed Fax Transmission, listen for the operator and keep an eye on the fax panel to see if dialing completes and fax is communicating.

EPSON
EXCEED YOUR VISION

Congratulations, you have successfully installed your new Epson printer!

Here are some tips for getting great prints

- Genuine Epson inks have been engineered to deliver stable, long-lasting photographic quality when used with Epson papers.
- To protect your photos: frame them under glass or store them in archival sleeves or albums. Your prints will last for generations!
- Epson offers an extensive line of specialty papers that provide outstanding results when used with Epson printers and genuine Epson ink.
- For best results, make sure the paper type selected in your printer software is right for the type of paper loaded in the printer. See your documentation for more information.

Results

EGFR Mutations DETECTED L858R mutations

Supporting Data

Mutation	Result	Mutant Copies (Mutation per ml)	Wild-type Copies (Wild-type per ml)	Percent Mutant Allele
T790M	Not Detected	NA	4091	NA
L858R	Detected	1878.15	2618	41.80% mutant frequency of L858R over EGFR wild-type
Del19	Not Detected	NA	3196.5	NA

Plasma Volume Used: 2 ml

This Target Selector™ assay analyzes for the presence of Del19 and L858R activating mutations associated with response to targeted EGFR tyrosine kinase inhibitors as well as the T790M point mutation associated with resistance to these therapies

Method: Target Selector™ by Biocept

Positive and negative controls were run and reacted in an appropriate manner. The EGFR Mutation assay is a quantitative Real-Time PCR based mutant enrichment assay with selective blocking of EGFR wild-type amplification. The amplification products are purified and subject to sequencing to confirm the presence of the EGFR mutation. This assay analyzes for the following EGFR mutations: del 19, L858R, and T790M. The assay has a specificity >98% and sensitivity ~95% at 0.10% mutant allele frequency

Testing Your HP Fax Machine with the HP Fax Test Service

Introduction

This document will assist you in testing your HP Fax machine using the HP Fax Test Service.

Print this document for easy reference by clicking the **Printable Version** link in the upper right corner of this page.

Test your fax machine

To test the capability of your fax machine, follow the directions below.

NOTE: Be sure that your phone number is not Caller ID blocked by your telephone company prior to attempting to send and receive a fax. Pressing *82 before dialing the toll free number will unblock the Caller ID blocking feature in most areas. Other phone company services can prevent you from receiving a fax, including voice mail, call blocking, or call privacy features.

NOTE: Whenever troubleshooting a fax issue, it is good practice to set the *Automatic Reports* option to **Every Error** before attempting a test fax. This way, even if the send fax fails, an error code will be generated that will guide you in future troubleshooting. This option is available in different places on different products, consult the product *User's Guide* for specific steps.

1. Send a one page black and white fax to **1-888-hpfaxone** (1-888-473-2963).
2. When your fax is received by the HP Test Fax Service, we will generate a return fax to you within five minutes confirming that we received your fax. This verifies that you can both send and receive a fax with your fax machine.

If you do not receive a return fax within 5-7 minutes, there may be a problem with the setup of your fax machine. Consult the user manual that came with the product for proper setup and configuration.

NOTE: The most common cause of failure is that the fax number set in the Fax Header on the machine does not match the number of the phone line connected to the fax. Also, ensure that the fax header contains the full 10-digit telephone number of the fax machine, including the area code.

For more information or assistance, click **Contact HP** at the top of this page.

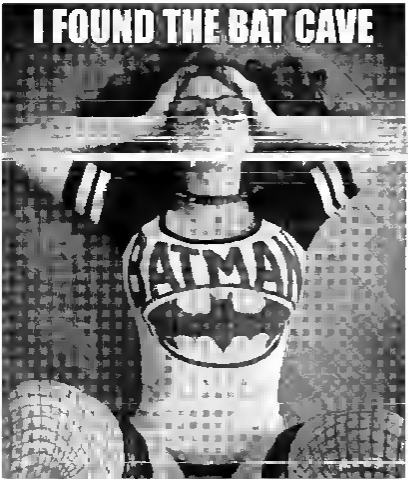
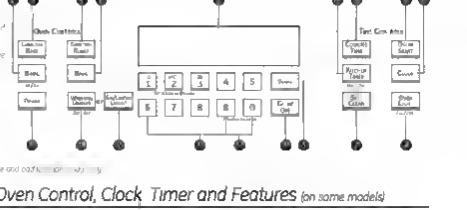
TESTING



I FOUND THE BAT CAVE
BATMAN

Using the oven controls.

(Throughout this manual, features and appearance may vary from your model.)



Oven Control, Clock, Timer and Features *(on some models)*

1. **Bake Pad**
   Touch to select the bake function.
2. **Broil Hi/Lo Pad**
   Touch to select the broil function.
3. **Convection Bake Multi/1 Rack Pad** *(on some models)*
   Touch to select baking with the convection function.
4. **Convection Roast Pad** *(on some models)*
   Touch to select roasting with the convection function.
5. **Start Pad**
   Must be touched to start any cooking or clearing functions.
6. **Display**
   Shows the time of day, oven temperature, whether the oven is in the bake, broil or self-cleaning mode, the times set for the timer or automatic oven operations, and if the range is locked.

If "F" and a number or letter" flash in the display and the oven control signals, this indicates a function error code. *Touch the* ***Clear/Off*** *pad. Allow the oven to cool for one hour. Put the oven back into operation. If the function error code repeats, disconnect the power to the oven and call for service.*

If your oven was set for a timed oven operation and a power outage occurred, *the clock and all programmed functions must be reset.*

The time of day will flash in the display when there has been a power outage.

7. **Self Clean Pad**
   Touch to select self-cleaning function. See the *Using the self-cleaning oven* section.
8. **Oven Light On/Off Pad**
   Touch to turn the oven light on or off.
9. **Delay Start Pad**
   Touch with ***Cooking Time*** or ***Self Clean*** pads to set the oven to start and stop automatically for a time you set.
10. **Cooking Time Pad**
    Touch and then touch the number pads to set the amount of time you want your food to cook. The oven will shut off when the cooking time has run out.
11. **Clear/Off Pad**
    Touch to cancel **ALL** oven operations except the clock, timer and Gas/Control Lockout or Control Lockout (depending on model).
12. **Clock Pad**
    Touch before setting the clock.
13. **Number Pads**
    Use to set any function requiring numbers, such as the time of day on the clock, the timer, the oven temperature, the internal food temperature, the start time and length of operation for timed baking and self-cleaning.
14. **Kitchen Timer On/Off Pad**
    Touch to select the timer feature.
15. **Probe Pad**
    Touch when using the probe to bake food.
16. **Gas/Control Lockout Pad** *(on some models)*
    Touch and hold the ***Gas/Control Lockout*** pad for 3 seconds to lock out the surface burners, oven burners and control panel so they cannot be activated.
17. **Control Lockout** *(on some models)*
    The control lockout is 5 and 0. Touch and hold the 5 and 0 pads at the same time for 3 seconds.
18. **Warming Drawer On/Off Pad** *(on some models)*
    Touch this pad and then touch number pads 1 3 to use the warming drawer. See the *Using the electric warming drawer* section.

$P(A^c)$

$P(S) = 1$

$P(A^c) + P(A) = 1 \iff P(A^c) = 1 - P(A)$

$B = A \cup (B \setminus A)$

disjuntos

$P(B) = P(A) + P(B \setminus A) \geq A$

≥ 0

Exemplo já $P(\text{mulher}, \text{fuma}) = 0.7$ $P(\text{mulher vivo}) = 0.4$

$A \subseteq B$?

$P(A \cup B) = P(A) + P(B) - P(A \cap B)$

$(A \cap B) = \emptyset \Rightarrow P(A \cup B) = P(A) + P(B)$

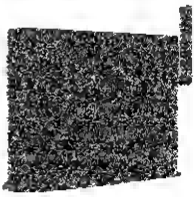
Network Extender 3G EVDO - Consumer

The Verizon Wireless Network Extender works like a mini cell tower in your home.

- Improves service in buildings with metal and concrete
- Extends coverage to fringe areas
  Short-range limited distance coverage outside
- Uses Internet network signal
- Compatible with all Verizon Wireless voice and data devices
- Plug & play installation and setup
- Works with most broadband connections



Customer Priorities:

- Enhanced overall quality and improved data speeds
- Improved signal strength in fringe areas where coverage may not be optimal

Items	Specification/Description	Benefits

Here are two important steps to help you get ready for enrollment:

1

Make sure your address is up-to-date

Keeping your address current is essential. To view your address on file, you can:

- Go to Benefits Assistant at ***www.boeing.com/express***
- Log in using your BEMSID and TotalAccess password
- Click **My Profile** and view **Home Address.**

If you need to update your address, you can do so online at ***www.boeing.com/addresschange*** or call Benefits Assistant at **866-473-2016** and speak with a BEMSID Team member.

2

You'll need your BEMSID

To enroll, you'll need your personal BEMSID. To obtain your BEMSID, call Benefits Assistant at **866-473-2016** and speak with a BEMSID Team member. If you're enrolling for the first time, please allow 5 days for your BEMSID to arrive in the mail. Please do not wait until the last minute to enroll.

During your online enrollment, you will have a total of 60 minutes to complete your session.

Don't know your BEMSID?

Call Benefits Assistant at **866-473-2016** or go to ***www.boeing.com/express*** and click on "I don't know my BEMSID." You'll be asked to provide your Social Security number and your birth date. Once you've verified your identity, your BEMSID will be displayed on the screen. Please write it down for future reference.

Can't remember your password?

If you've forgotten your password, you can reset it online at ***www.boeing.com/express*** and click on "I don't know my password." You'll be asked to provide your BEMSID and your birth date. Once you've verified your identity, you'll be prompted to create a new password. Please write it down for future reference.

Need help?

If you have questions, call Benefits Assistant at **866-473-2016**. Representatives are available Monday through Friday between 7:00 a.m. and 7:00 p.m. Pacific Time, except on holidays.

Safety and Important Information

EN

Please keep this information in hand for future reference.

■ In Reference to Manual Configuration

- Firstly, set up this product by referring to the instructions in separate "Getting Started".
- This product comes with four other manuals, "Getting Started" and "Setup for FAX Reception" in paper form, On-screen Manual and Online Manual in digital form.
- On-screen product is a manual which will be available after the installation of setup CD is completed. It explains basic operation of the product and its specification, system requirements, maintenance tips, regulatory, environment, safety and other need to know information. Regulatory information is available from the top page of this On-screen Manual.
  Online product is the browser based manual over the internet. It provides in other and updated information on product handlings, software operation and tips for trouble-shootings.
- On-screen product and Online product will be displayed from "Quick Menu" available after the software is being installed. "Quick Menu" is a portal for Canon inkjet Printer which provides easy access to useful menus.

■ Important Notice

- When this product is connected to the internet, the Ethernet cable or network devices such as router and/or access point is required depending on its configuration.
- USB cable is required when USB connection is selected. This product does not come with USB cable.
- For computers without a CD/DVD drive, please visit Canon local website to download and install the printer software.
- For Mac users: Internet connection is required during software installation. Connection fees apply.
  When you use the Canon printer for the first time after you install the bundled ink tanks, the printer consumes a small portion of ink in the product to enable printing by filling the nozzles of the Print Head with ink. For this reason, the number of sheets that can be printed with the first ink tanks is fewer than the succeeding ink tanks.
- When software is installed, "Useful Functions Available on the Machine" will be displayed. If you are to utilize Apple AirPrint or Google Cloud Print, read the instruction in the "Useful Functions Available on the Machine" (Not limited products only)
- The latest information on use of the product is available at Canon Inks website.

■ Notes for Energy Saving Setting

For purpose of energy saving, the product will be automatically turned off after designated period without operation (The Auto Power Off function).

For instructions on how to change the setting, refer to the On-screen Manual.

■ About Consumables

Consumables (Ink tanks / FINE Cartridges) are available for 5 years after production of the switchboard has stopped.

⚠ Safety Precautions

Please read these safety warnings to ensure that you use the available safely. Do not attempt to use the machine in any way not described here or in the accompanying manuals. This may cause unexpected accident, fire, or electric shock.

Refer to the On-screen Manual as well for other precautions not specified in this Manual.

How Can I Test My Fax Machine?

I just hooked up a new fax machine and I'd like to test it, just to make sure it works. How can I do that?

Presumably, you want to test your fax machine by sending a fax from it and receiving a fax with it. Here's how to do both.

To test the send functionality of your fax machine, send a one-page fax to 1-855-330-1239 (a toll-free number in the United States.) When it's finished transmitting, point your web browser to Fax.Toy — it's a fun web site that displays whatever is faxed to that number. Within a minute, your fax should appear on the site. Click the thumbnail to see a large version.

To test the receive functionality of your fax machine, point your web browser to FaxZero. This site lets you send faxes for free to anywhere in the United States and Canada. Within a few minutes, your fax machine should ring — hopefully it will automatically answer and spit out the test fax.

Letter of Explanation (Chapter 7 Bankruptcy)

To whom it may concern

Hello,

In 2008 I was forced to file Chapter 7 Bankruptcy in my district My credit before the bankruptcy was quite good and can be confirmed by my credit report.
My wife and I encountered some medical issues that devastated us financially I have in my possession most of those medical bills and I would be more than
happy to forward these to you as proof of my claim I am happy to report that the health of myself and my wife has improved substantially We are doing well
and ready to move forward with our lives.Thank you so much for your time

Sincerely

o *Pmark* is a 1-bit overhead from the number of bytes needed for the octets on header [4] and the possible padding that is needed at the end of the octets on to round up to a four byte boundary (up to 3 bytes). For many applications this overhead is unacceptable

5 Use of the header extension limits applications to a single redundant encoding, unless further structure is introduced into the extension. This would require a further document.

For these reasons the use of RTP header extension to hold redundant audio encodings is disregarded

The [illegible] for audio and video [illegible]

two possible schemes for the [illegible] additional RTP payload types for redundant audio applications:

- A dynamic encoding scheme may be defined for each combination of primary/redundant payload types using the RTP dynamic payload type range

2 A single fixed payload type may be defined to represent a packet with redundancy. This may then be assigned to either a static RTP payload type or the payload type for which may be assigned dynamically.

It is possible to define a set of payload types that signify a particular combination of primary and secondary encodings for each of the 32 dynamic payload types provided. This would be a slightly restrictive yet feasible solution for packets with a single block of redundancy as the number of possible combinations are not too large. However the need for multiple blocks of redundancy greatly increases the number of encoding combinations and makes this solution not viable.

A modified version of the above solution could be to decide prior to the beginning of a conference on a set of 32 encoding combinations that will be used for the duration of the conference. All the participants in the conference can be initialized with this working set of encoding combinations. Communication of the working set could be made through the use of an external out of band mechanism. Setup is complicated as great care needs to be taken in starting tools with identical parameters. This scheme is more efficient as only one byte is used to identify combinations of encodings.

Operating System Compatibility

Windows 8.x/OS X v10.9/OS X v10.8/OS X v10.7/Mac OS X v10.6

To install and use the software, however several things should be noted. Before using this product, read this sheet carefully.

For Windows Users

Notes on the Installation

- Install the software by following the below procedure for Windows described in your setup guide supplied with the product.
- If the Set up CD-ROM screen still does not appear, click the CD-ROM drive in the computer folder, and then double-click the file which appears in the window. After selecting Admin_Setup.exe, select the [MP Drivers] folder, then click [Install] and follow the on-screen instructions to proceed.

Notes on Upgrading Windows

We recommend uninstalling software functions with the product and then upgrading your operating system. After the upgrade has completed, re-install the software.

For Mac OS X Users

Notes on the Installation

- Install the software by following the below procedure for Mac described in your setup guide supplied with the product.
- When the software download screen appears, click Install and proceed with the on-screen instructions. Restart OS X after installing the software.

The Bundled Software with This Product

- Easy-PhotoPrint EX is not supported for Safari 7.1 on OS X v10.9. If you upgrade Safari to Safari 7.1 on Mac OS X v10.9, Easy-PhotoPrint EX may not function properly.
- For Easy-PhotoPrint EX, MP Navigator EX, and Easy-PhotoScan, if you displayed them with **Preside** on the Dock, they may either disappear or display on Mac OS X version 10.8 or later. If this happens, click the Launchpad icon, and then **Preside** to start up. Default Settings of the print dialog box.

CUSTOMER RIGHTS PRIOR TO DISCONTINUANCE OF SERVICE OR DISPUTE AS TO ACCURACY OF BILL

It is the policy of the City of Lexington to discontinue utility services to customers by reason of non-payment of any City of Lexington rendered bill only after notice and a meaningful opportunity to be heard. If you dispute the accuracy of your bill you have a right to a hearing at which you may be represented in person or by any other person of your choosing and may present oral or written your complaint and contentions. If you desire a hearing, contact the Customer Credit Department at City Hall, 28 W Center St Lexington NC. Hearings are held between 8:00am and 5:00p.m. Monday through Friday. The Customer Service Manager has authority to make a final determination if your complaint and the authority to order that your service not be discontinued. You have the right to appeal the Customer Service Manager's decision to the Utilities Commission. If service is discontinued for delinquency the total bill plus service fee and a deposit must be paid before restoration of service.

GOSPEL READING: John 1.29-42 (please stand)
(Behold, the Lamb of God)

The next day John saw Jesus coming toward him and said, "Look the Lamb of God, who takes away the sin of the world! This is the one I meant when I said, 'A man who comes after me has surpassed me because he was before me.' I myself did not know him, but the reason I came baptizing with water was that he might be revealed to Israel." Then John gave this testimony: "I saw the Spirit come down from heaven as a dove and remain on him. I would not have known him, except that the one who sent me to baptize with water told me, 'The man on whom you see the Spirit come down and remain is he who will baptize with the Holy Spirit.' I have seen and I testify that this is the Son of God." The next day John was there again with two of his disciples. When he saw Jesus passing by, he said, "Look, the Lamb of God!" When the two disciples heard him say this, they followed Jesus. Turning around, Jesus saw them following and asked, "What do you want?" They said, "Rabbi" (which means Teacher), "where are you staying?" "Come," he replied, "and you will see." So they went and saw where he was staying, and spent that day with him. It was about the tenth hour. Andrew, Simon Peter's brother, was one of the two who heard what John had said and who had followed Jesus. The first thing Andrew did was to find his brother Simon and tell him, "We have found the Messiah" (that is, the Christ). And he brought him to Jesus. Jesus looked at him and said, "You are Simon son of John. You will be called Cephas" (which, when translated, is Peter).

How Can I Test My Fax Machine?

I just hooked up a new fax machine, and I'd like to test it, just to make sure it works. How can I do that?

Presumably you want to test your fax machine by sending a fax from it and receiving a fax with it. Here's how to do both:

To test the send functionality of your fax machine, send a one-page fax to 1-888-877-1655 (a toll-free number in the United States). When it's finished transmitting, point your web browser to Fax Toy — it's a fun web site that displays whatever is faxed to that number. Within a minute, your fax should appear on the site. Click the thumbnail to see a large version.

To test the receive functionality of your fax machine, point your web browser to FaxZero: this site lets you send faxes for free to anywhere in the United States and Canada. Within a few minutes, your fax machine should ring — hopefully, it will automatically answer and spit out the test fax.

Health insurance

How does your plan compare? Plus, a look to new reforms.

A GOOD INSURANCE PLAN can steer you to the care that helps and away from wasting your time and money on unnecessary tests and treatments. For the third year running, we are presenting health plan rankings from the National Committee for Quality Assurance (NCQA), a nonprofit health care accreditation and quality measurement group. Of 1 record 346 plans on their quality of care, customer satisfaction, and commitment to improvement and disclosure of information.

Why accreditation matters
Page 44

Thus year the NCQA ranked 474 private plans (which consumers obtain through a job or purchase on their own) and 388 Medicare Advantage plans, and 115 Medicaid HMOs. Rankings start on page 44.

Private and Medicaid plans will be a crucial part of the expansion of health insurance coverage that's coming in 2014 with the full implementation of the Affordable Care Act. (See "Health Reform: 8 Next Big Changes," on page 42.) The quality data the NCQA collects will become even more important as 25 million Americans gain private insurance coverage and millions more join Medicaid HMOs.

Highlights for 2012

In recent years the NCQA has detected some improvement in the quality of health maintenance organizations (HMOs) and preferred provider organizations (PPOs). HMOs require patients to get care from providers on the plan network. PPOs allow referrals out of network for an extra cost. Of the 32 clinical performance measures that the NCQA tracks, private HMOs show clear improvement in 22, people receive certain recor such as colorectal cancer blood sugar tests for people

Environmental Advice for Imaging Equipment

Recycled paper
This machine is designed to use regular paper and also recycled paper which complies with EN 12281:2002 or similar.
Additionally, Laser/LED machines are able to print on 64g/m2 (Bond 17 lb. paper). This paper contains less raw materials and represents a significant resource saving.

Duplex printing
Duplex printing enables both sides of a sheet of paper to be used. This saves paper and reduces the size of printed documents as fewer paper sheets are used. We recommend that this feature is enabled whenever you print, if supported by your machine.

ENERGY STAR®
To save energy, look for the ENERGY STAR® mark on products. ENERGY STAR® compliant products are designed to be among the best on the market, in terms of energy consumption.

Power management
This machine automatically switches to "Ready" after the last print job. After a default time, this device will automatically switch to lower power modes using its Power Management function. In these modes the machine's energy consumption is reduced.

Professional furniture assembly service is quoted per item.

The following price chart provides a general reference.

Integrating Fax for Asterisk

Asterisk, VoIP, and HF Coexisting

Integrating Fax for Asterisk

Jason Hecker

Asterisk provides an open-source software for IP Telephony (also VoIP). Conveniently, you can route your system to numerous products to enable some of Asterisk's greatest features. Today, we will look at using Asterisk to receive your e-mail for a new mail box.

Benefits

- Share faxes electronically
- Reduce printing costs
- Share faxes via email

Requirements

- Server running Asterisk (32-bit or 64-bit architecture)
- Fax for Asterisk Software Add-on

Step One: Get the Fax for Asterisk License

First, you will need to have Asterisk installed on your machine. If you will only need to send and receive faxes on a single extension, you may choose to use the Free Fax For Asterisk License. Digium provides the Free Fax for Asterisk software license to all Asterisk users per installation of Asterisk. You can purchase the Fax for Asterisk license which includes Fax for Asterisk licensing if you will need to send / receive faxes on more than one extension.

For example, we have installed Asterisk on a server and we would like to purchase Fax for Asterisk licensing for 4 extensions. We would add the Fax for Asterisk software license to our Asterisk system for an additional $16.00 per extension.

To get the Fax for Asterisk software, go to the Digium store. Once you have purchased your license, you will receive your license via email.

Step Two: Download and Install the Fax for Asterisk Software

Once you've received your license, there are a couple of steps in order to download, configure, and install the software.

- Now, login to your Asterisk server via SSH. (I am logging in as root, but I've also setup a TTY port for FXS that will be allowed.)

```
[illegible]
[illegible]
[illegible]
```

- Complete the registration.
- Go to your "Product Activation Keys" section and download the activation key which has a ".key" extension.
- Download the latest "fax_digium_files" tarball.
- Transfer the file to a temporary directory on the Asterisk server. (I used /usr/src/ for this example.)

```
[illegible]
[illegible]
```

- Untar and install the "fax_digium_files" software. (i.e. "tar -zxvf fax_digium_files-1.0.1_pre.tar.gz")

```
[illegible]
```

HELLO!!!

USA WEEKEND

Great granola!

One formula, eight yummy variations

Pam Anderson | February 26, 2006

FEBRUARY 25, 2006 — Tired of spending $6.99 for a 10-ounce package of gourmet granola? Then don't. Here's an easy master formula. Follow one of the eight variations, or use one to inspire your own brown blueprint.

Choose the right oats. For the best results, reach for old-fashioned (not quick) oats, which will bake into crisp, golden granola. Cereal made with quick oats clusters better, but the texture is powdery, not crisp, and it tastes of raw starch.

Create clusters. To help the cereal cluster, add a smidgen of water. In combination with the oil and liquid sweetener, the water mixes with the wheat germ to create a delicious mortar. Squeeze the cereal with your hands before baking to seal the bond and form small clumps.

Use both liquid and dry sweeteners. I prefer straight maple syrup, but try honey or a combination of honey and maple syrup, or maple syrup and molasses. Mix the brown sugar with the dry ingredients. It will all on the cereal's surface to add color and flavor. You can reduce the sweetener slightly (omit the brown sugar), but you may need to stumble the baking time to achieve the best color. If serving the granola with milk or even plain yogurt, remember that it needs to be sweet enough to carry the dairy, as well. And don't forget salt. Just a pinch brings out the cereal's flavors.

Bake at a low temperature. That coaxes the cereal to crisp up and brown thoroughly and evenly. Add the dried fruit partway through baking so it dries out just enough to keep the brown from turning soggy.

You can double the recipe, but bake the granola in two pans. You also may need to increase cooking time. The key is to cook the granola until it is an impressive golden brown.

Master Granola Recipe

(Makes 1 quart)

Adjust oven rack to middle position, and heat oven to 275 degrees. Coat a 9-by-13-inch metal pan with c

cooking spray, then set brown Mix oats, wheat germ, brown sugar, salt and Extra Ingredients – except dried fruit – in a bowl. Bring syrup, oil, water and any Flavoring indicated below to a simmer in a saucepan over low heat. Drizzle over oat mixture and stir to combine. Pour mixture onto prepared pan. Working a handful at a time, squeeze cereal to form small clumps. Bake for 30 minutes. Stir in dried fruit. Continue to bake until golden brown, about 15 minutes longer. Let cool. (Granola can be stored in an airtight tin for up to two weeks.) For nutrition information on each granola variation, look at the end of the article.

2 cups old-fashioned oats
1/2 cup wheat germ
2 Tbs. dark brown sugar
1/4 tsp. salt
1 cup Extra Ingredients (see complete list below)
1/4 cup maple syrup
3 Tbs. flavorless oil, such as vegetable or canola
1 Tb. water
Flavoring (see below)

1. Classic Granola

Extra Ingredients. 1/3 cup chopped walnuts, 1/3 cup sweetened flake coconut, 1/3 cup dark or golden raisins
Flavoring. 1/2 tsp. ground cinnamon
You can replace the 1/4 cup of maple syrup with 2 Tbs. each of maple syrup and molasses.

2. Crunchy Granola

An appliance manufacturer recommends keeping the freezer set at −18°C.

Part A

What is |−18|?

Answer 18

Part B

Explain what the absolute value tells about −18°C

The absolute value tells that it is a total of 18 degrees. The negative sign tells that it is the opposite side of 0 and it is 18 degrees away from 0.

Presumably, you want to test your fax machine by sending a fax from it and receiving a fax with it. Here's how to do both.

To test the send functionality of your fax machine, send a one-page fax to 1-888-877-1655 (a toll-free number in the United States.) When it's finished transmitting, point your web browser to Fax Tav — it's a fun web site that displays whatever is faxed to that number. Within a minute, your fax should appear on the site. Click the thumbnail to see a large version.

To test the receive functionality of your fax machine, point your web browser to FaxZero. this site lets you send faxes for free to anywhere in the United States and Canada. Within a few minutes, your fax machine should ring — hopefully, it will automatically answer and spit out the test fax.

Zen Thinking

- The journey of a thousand miles begins with a broken fan belt and a leaky tire.

- Never test the depth of the water with both feet.

- Give a man a fish and he will eat for a day. Teach him how to fish, and he will sit in a boat and drink beer every weekend.

- Some days you're the dog ... and some days you're the hydrant.

- Don't worry ... it only seem kinky the first time.

The Faire will feature more than 45 different Preschool and Kindergarten Facilities in addition to other programs offered locally that cater to your children's needs such as swim, gymnastics and (after-school) language schools. The participating schools will showcase their facility information, program philosophies, teaching methods, and use visual examples of their program to share with families in the community. Our objective is to make it easy for families to make informed choices about their children's education with a wide selection of schools and programs represented in one place for you to interview, build a connection and make an informed decision.

Bring your family & friends. There will also be a play area, balloon artist and face painting to entertain the kids! Feel free to bring your children to the Faire so they don't miss out on the fun!

To learn more about the Faire or if you would like to sponsor a booth and participate, please contact the Event Coordinator, Ms. Leona Ong at leona.pfairs@gmail.com. Please also visit www.funmothersclub.org for more details.

Unit Council: Empowering Nurses to Improve Nursing Practice and Patient Care
Glenda Riggs, RN
Southern Arizona VA Health Care System

Problem
Committee members making decisions that affect nursing care leads to not only nursing dissatisfaction but risks patient safety. Nurses are at the bedside. They are on the frontline to the problems they face and should be a part of the solution.
Evidence
The article "Creating a culture of service excellence: empowering nurses within the shared governance councils" model – in Health Care Manager states "The shared decision making structure was the vehicle used to integrate the 14 standards of Magnet Nursing to create a culture of high-quality nursing practice to achieve optimal outcomes. Nursing excellence was further verified by achieving outstanding results in patient, physician and nurse satisfaction scores and nurse retention." When the nurses at SAVAHCS saw that management was making changes from the evidence based recommendation, the Unit Council made, involvement increased. The nurses began to take ownership of patient goals and outcomes.
Strategy
A unit based council can enrich our nursing practice. Shared governance is a way for nurses to have a voice in their nursing practice and patient care using evidence based practice. Establishing unit based councils is a way for SAVAHCS and management to recognize the professional status of the nurse. Our ICU Unit Council helps nurses to transform their frustrations into accomplishments. We started by trying to recruit nurses for the unit council with not much luck. After sharing our visions and ensuring the nurses that this wasn't just another committee we got a small handful to commit. First item on the agenda was the Mission Value Vision Statement. Once the nurses realized they had an avenue to make change, they could have a voice, the unit council blossomed into a strong group.
Practice
The first and most important step is to base the unit councils on the principles of evidence based practice. With the desire to fulfill the vision of SAVAHCS to run shared governance we establish unit based councils on different units. With Magnet status being the goal for most top hospitals unit based councils is a great start at shared governance. The nurses either brought a problem before the council or management would. They would meet monthly unless there was a project to be worked on. The council would then form subgroups and meet weekly. Using evidence based practice principles they would present a proposal to management.

Estimados padres

La misión de proporcionar oportunidades educativas de calidad a todos los niños requiere la participación de todos los interesados. Una de esas oportunidades es la participación de los padres en el Consejo de Padres y Maestros (PAC) del año escolar 2012-2013. El PAC es el consejo de padres de Título I del distrito. Este consejo de padres ofrece a todos los padres la oportunidad de participar en las decisiones que afectan a sus hijos. Una de esas oportunidades es la participación de padres a nivel de escuela. Esta oportunidad se llama reunión de padres y maestros. Estas reuniones se llevarán a cabo cada semestre, una en el otoño y otra en la primavera. Para que usted pueda planificar las reuniones de padres y maestros de este otoño, por favor, complete la información a continuación y devuelva esta hoja a su maestro(a) antes del 10 de septiembre de 2012.

Las reuniones de padres y maestros de septiembre están en dos lugares diferentes. Ambas reuniones se llevarán a cabo en el mismo día. Por favor, consulte el horario a continuación. Las dos reuniones en septiembre son las siguientes:
Favor de escoger solo una de esta opción.

How Can I Test My Fax Machine?

I just hooked up a new fax machine and I'd like to test it just to make sure it works. How can I do that?

Presumably, you want to test your fax machine by sending a fax from it and receiving a fax with it. Here's how to do both

To test the send functionality of your fax machine, send a one-page fax to 1-855-330 1239 (a toll-free number in the United States.) When it s finished transmitting, point your web browser to Fax Toy — it's a fun web site that displays whatever is faxed to that number. Within a minute, your fax should appear on the site. Click the thumbnail to see a large version

To test the receive functionality of your fax machine, point your web browser to FaxZero. this site lets you send faxes for free to anywhere in the United States and Canada. Within a few minutes, your fax machine should ring — hopefully, it will automatically answer and spit out the test fax

I propose to change the system so that when density card output is requested, plotted densities are punched out In the normal case these would simply be the average densities If the test code calls for E.N.D, conversion, it would be the E.N.D. densities that are punched out. If the test breaks down, e g because of tough check failure, we would get cards punched out for individual strips, since individuals are plotted in that case

Love is like magic
and it always will be,
For love still remains
life's sweet mystery

Love works in ways
that are wondrous and strange
And there's nothing in life
that love cannot change!

Love can transform
the most commonplace
into beauty and splendor
and sweetness and grace

Love is unselfish
understanding and kind
For it sees with its heart
and not with its mind.

Love is the answer
that everyone seeks.
Love is the language
that every heart speaks

Love can't be bought
it is priceless and free
Love like pure magic
is life's sweet mystery!

Prover to St. Joseph over 1900 years old

O St. Joseph whose protection is so great, so strong, so prompt before the Throne of God, I place in you all my interests and desires O St Joseph do assist me by your powerful intercession and obtain for me from your Divine Son all spiritual blessings through Jesus Christ, Our Lord; so that having engaged here below your Heavenly power I may offer my Thanksgiving and Homage to the most Loving of Fathers. O St. Joseph, I never weary contemplating you and Jesus asleep in your arms I dare not approach while He reposes near your heart. Press him in my name and kiss His fine Head for me, and ask Him to return the Kiss when I draw my dying breath. St. Joseph, Patron of departing souls, pray for us. Amen

Say for nine consecutive mornings for anything you may desire. It has

seldom been known to fail.

This prayer was found in the fiftieth year of Our Lord Jesus Christ. In 1500's it was sent by the Pope to Emperor Charles when he was going into battle.

Whoever reads this prayer or hears it or carries it, will never die a sudden death, nor be drowned, nor will poison take effect on them They will not fall into the hands of the enemy nor be burned in any fire, nor will they be defeated in battle

Make this prayer known everywhere.

Imprimatur
Most Rev George W Ahr
Bishop of Trenton

Regulation of Mitosis
DNA requirement:
Ex Brain neurons doesn t do it much pretty much all you ever have
-skeletal muscle cells. Only have so many and that s all you'll ever have.
-Liver cells Rebuilds pretty fast for so much.
-Intestinal Epithelia 3 days
-Some Bacteria. every 7 days
-Average Human cell will divide about 50 times in its life.

Regulation of Mitosis
Ex. Embryos very very quickly
-Adults: slows down but still reasonable pace
-Elderly Slows down dramatically

Exceptions that continue fast
Reproductive cells
Intestinal Epithelia
Skin Cells
Bone Marrow
-Cells that are damnaged

Uncontrolled Mitosis
Ex. Normal Organ

Cancerous growth(Neoplasm)
-Uncontrolled growth a tumor
Problems with Cancer
1 Disrupts Organ Function
Pancreatic Cancer
Why?
May metastasize
-Grow elsewhere Ex Malignant, Melanoma- little patch of dark pigmented skin. Could spread Prostate or breast cancer- Spread readily

Cancer Causes
Environmental something you take in from the outside.
Ex. Elderly & colon lung, liver, prostate breast cancer ect.
Genetic Internal, screw up of the genes during mitosis which causes a mutation
Ex. Childhood leukemia

How do they know most cancers are environmental?
Ex. Japan high stomach cancer rates low breast cancer rates
U S Low stomach cancer rates High breast cancer rates.

What happens to Immigrants? They take on the cancer rates of where they live.

I. Agency

A. Creation

- Parties: principal or employer with agent, employee, or independent contractor
  Factors that determine status: control, etc.
- Fiduciary relationship
- Who must have capacity? principal? agent?
- Scope of authority/agency/employment

B. Types of Authority – All authority stems from the principal

- **Express**
  1. Actual agreement between principal and agent – written or oral exchange of words
  2. Oral ok: no writing necessary, except if Statute of Frauds requires; equal dignity rule
  3. Power of attorney is example of written express agency: agent here "attorney in fact"
- **Implied**
  1. Based on conduct of the parties
  2. Also, industry custom, prior dealings
- **Incidental**
  1. Must have express authority; this is additional authority needed to carry out express
  2. Based on reasonable belief in mind of agent – principal would want me to do this
- **Ratification**
  1. Unauthorized acts of agent outside scope of authority or acts of non-agent
  2. Principal must ratify entire action
- **Apparent**
  1. Principal creates through his/her actions
  2. Based on reasonable belief in mind of third party – person has agent authority
  3. May exist after termination of agency if third party not notified

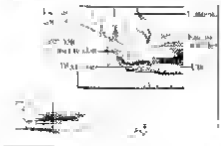
LATERAL EPICONDYLITIS

What Is Lateral Epicondylitis?

Lateral epicondylitis commonly known as "tennis elbow" is an inflammation of the tendon fibers that attach the forearm extensor muscles to the outside of the elbow. These muscles straighten the wrist and hand. Pain may be felt where these fibers attach to the bone on the outside of the elbow along the lateral epicondyle (bony prominence). Pain is usually aggravated by resisted wrist extension or other stressful use of the arm. In severe cases, lifting and grasping even light objects may be painful. Because people who play tennis or other racquet sports sometimes develop this problem from poor playing technique, it has become known as "tennis elbow."



What Causes Lateral Epicondylitis?

Repetitive use of the arm or hand may lead to stress or damage the muscle attachment and cause many of the symptoms. Bending the wrist back (extension), turning the hand palm down, and lifting an object with the elbow straight are the most common activities that affect these tendons. The condition is quite common in our busy 30s and early 40s.

What Are The Symptoms?

Symptoms include tenderness and pain at the lateral epicondyle. The area is usually tender when touched and may be uncomfortable when gripping. In severe cases, almost any elbow movement can be uncomfortable.

Treatment

1) Orthosis worn with the wrist in neutral position worn day and night except when performing gentle stretching exercises and in competing hygiene activities.
2) Perform transfriction massage a gentle massage of the forearm over the area of pain in one cause, counterclockwise perpendicular, and parallel motions.
3) Apply moist heat to the affected area for 10-15 minutes.
4) Perform wrist and forearm stretching exercises. See next section.
5) Ice massage or application of ice pack to the affected area for 5-10 minutes.
6) Activity modification is recommended. No forceful grasping, lifting, pushing or pulling.

Step 1

I AM WITHOUT KNOWLEDGE NOW.

THERE MUST BE A STARTING POINT or new juncture of development. You must start from where you are, not from where you want to be. You start here in the understanding that you are without Knowledge. That is not to say that Knowledge is not with you. It is simply to say that you are not with Knowledge. Knowledge is waiting for you to proceed. Knowledge is waiting to give itself to you. Therefore, you are beginning now to prepare to be in relationship with Knowledge the greater aspect of mind that you have brought with you from your Ancient Home.

THREE TIMES TODAY SPEND 10 MINUTES thinking about what Knowledge is not: merely applying your own ideas, not merely applying your past understanding, but thinking about what Knowledge really is.

PRACTICE 1: *Three 10 minute quiet periods.*

1. DISPUTE RESOLUTION BY BINDING ARBITRATION.

1.1 Summary of Arbitration Agreement. Please read this carefully. It affects your rights. Most customer concerns can be resolved quickly and to the customer's satisfaction by calling our customer service department at 1-800 331 1500. **In the unlikely event that AT&T's customer service department is unable to resolve a complaint you may have to your satisfaction (or AT&T has not been able to resolve a dispute it has with you after attempting to do so informally), we each agree to resolve those disputes through binding arbitration or small claims court instead of in courts of general jurisdiction.** Arbitration is more informal than a lawsuit in court. Arbitration uses a neutral arbitrator instead of a judge or jury, allows for more limited discovery than in court, and is subject to very limited review by courts. Arbitrators can award the same damages and relief that a court can award. **Any arbitration under this Agreement will take place on an individual basis; class arbitrations and class actions are not permitted.** For any non-frivolous claim that does not exceed $75,000, AT&T will pay all costs of the arbitration. Moreover, in addition you are entitled to recover attorneys' fees from AT&T to at least the same extent as you would be in court.

In addition, under certain circumstances (as explained below), AT&T will pay you more than the amount of the arbitrator's award and will pay your attorney (if any) or fee a lawyer reasonable attorneys' fees if the arbitrator awards you an amount that is greater than what AT&T has offered you to settle the dispute.

1.2 Arbitration Agreement.

(1) AT&T and you agree to arbitrate all disputes and claims between us. This agreement to arbitrate is intended to be broadly interpreted. It includes, but is not limited to:

- claims arising out of or relating to any aspect of the relationship between us whether based in contract, tort, statute, fraud, misrepresentation, or any other legal theory;
- claims that arose before this or any prior Agreement (including, but not limited to, claims relating to advertising);
- claims that are currently the subject of purported class action litigation in which you are not a member of a certified class; and
- claims that may arise after the termination of this Agreement.

References to "AT&T," "you," and "us" include our respective subsidiaries, affiliates, agents, employees, predecessors in interest, successors, and assigns, as well as all authorized or unauthorized users or beneficiaries of services or devices under this or prior Agreements between us. Notwithstanding the foregoing, either party may bring an individual action in small claims court. This arbitration agreement does not preclude you from bringing issues to the attention of federal, state or local agencies, including, for example, the Federal Communications Commission. Such agencies can, if the law allows, seek relief against us on your behalf. **You agree that, by entering into this Agreement, you and AT&T are each waiving the right to a trial by jury or to participate in a class action.** This Agreement evidences a transaction in interstate commerce, and thus the Federal Arbitration Act governs the interpretation and enforcement of this provision. This arbitration provision shall survive termination of this Agreement.

(2) A party who intends to seek a dispute or claim first send to the other, by certified mail, a written Notice of Dispute ("Notice"). The Notice to AT&T should be addressed to: Office for Dispute Resolution, AT&T 1025 Lenox Park Blvd., Atlanta, GA 30319 ("Notice Address"). The Notice must (a) describe the nature and basis of the claim or dispute; and (b) set forth in a specific relief sought ("Demand"). If AT&T and you do not reach an agreement to resolve the claim within 30 days after the Notice is received, you or AT&T may commence an arbitration proceeding. During the arbitration, the amount of any settlement offer made by AT&T or you shall not be disclosed to the arbitrator until after the relief also dollar amount is finally determined by an award to which you or AT&T is entitled. You may download a copy a form for Notice and a form for initiating arbitration at att.com/arbitration-forms.

(3) After AT&T receives notice at the Notice Address that you have commenced arbitration, it will promptly reimburse you for your payment of the filing fee, unless your claim is for greater than $75,000. The filing fee for any claim is $200 for claims under $10,000 but is subject to change by the arbitrator in accordance with the rules of the arbitration forum in which you commence. In addition, if you win, AT&T will pay you the amount of any settlement offer made by AT&T or $1,000, whichever is greater. If you win, AT&T will pay all filing, administration and arbitrator fees associated with the arbitration. You may choose to pay these fees if you win. If you have not received your payment of the filing fee within 30 days after you have submitted your Notice, you may contact the arbitration forum to inquire about the payment. If you are unable to pay the fee, AT&T will pay it directly upon receiving a written request at the Notice Address. The arbitration will be governed by the Consumer Arbitration Rules ("AAA Rules") of the American Arbitration Association ("AAA"), as modified by this Agreement, and will be administered by the AAA. The AAA Rules are available online at adr.org or by calling the AAA at 1-800-778-7879, or by writing to the Notice Address. (You may obtain information that is designed for non-lawyers about the arbitration process at att.com/arbitration-information.) The arbitrator is bound by the terms of this Agreement. All issues are for the arbitrator to decide, except that issues relating to the scope and enforceability of the arbitration provision are for the court to decide. Unless AT&T and you agree otherwise, any arbitration hearings will take place in the county (or parish) of your billing address. If your claim is for $10,000 or less we agree that you may choose whether the arbitration will be conducted solely on the basis of documents submitted to the arbitrator, through a telephonic hearing, or by an in-person hearing as established by the AAA rules. If your claim exceeds $10,000, the right to a hearing will be determined by the

PETSMART

We help teach your pet consistent, healthy behaviors

Our Accredited Pet Training Instructors make classes fun and effective for both you and your dog. We focus on rewards for a job well done, while helping you build a better bond with your pet.

Puppy and Beginner Education

Help your dog master the basics.

Prerequisite: For puppies 10 weeks to 5 months and for beginners, adults 5+ months with no previous training; current on vaccinations.

Key topics include:
- Introduction to simple cues, such as "sit," "come" and "stay"
- Basic manners and problem prevention, including potty training
- Relationship-building games

Intermediate Education

Pets learn more advanced concepts. Certificate of completion earned.

Intermediate and Advanced classes build on earlier lessons, along with the "Three D's"—Distance, Duration and Distraction.

Prerequisites: Puppy or Beginner Education or comparable skills; current on vaccinations.

Key topics include:
- Review of basic cues
- Teaching your dog to "stay" from a distance
- Relationship-forming games
- Additional cues such as "heel" and more

Advanced Education

We'll strengthen your dog's reliability in every situation. Graduation diploma earned.

Prerequisites: Intermediate Education or comparable skills; current on vaccinations.

Key topics include:
- Sit politely for petting
- Advanced loose-leash walking and heeling
- Learning despite distractions
- Specialized games to build reliability

Clicker Training

We'll teach you to communicate using a clicker as part of our positive reinforcement-based program. Certificate of completion earned.

Prerequisites: Puppy/Beginner Education or comparable skills; current on vaccinations.

Key topics include:
- The benefits of clicker training
- Loading a clicker and selecting primary reinforcers
- Advanced cues such as "crawl," "take a bow," "high five," "roll over" and many more

Private Classes

In a setting with just you, your dog and the trainer, we'll teach new behaviors based on your dog's unique needs.

Our SmartPet Promise℠

If you're not 100% satisfied with any class, you can take it again for free.

Further the BROKER needs a single forum of the settlement of disputes, and paragraph V (b) meets this distinct need of the BROKER.

V. PROVISIONS AS TO THESE SETTLEMENT OF CARGO CLAIMS AND OTHER DISPUTES

(a) Cargo claims shall be settled in accordance with the regulation codified as 49 C.F.R. 1005

(b) If any dispute arises about any matter covered by the terms of this Motor Contract Carrier Agreement, the dispute must be submitted by the party who alleges a violation filing a complaint with the Interstate Commerce Commission. The complaint shall contain specific reference to pertinent statutory provision and regulations of the Commission, and the terms of this contract that the complainant believes have been violated.

Such complaint shall be submitted in accordance with all the provisions of 49 C.F.R. 1111.

No court action can be taken by either party prior to the decision of the Commission, and the decision of the Commission shall be a binding, final and non-appealable decision. If for any reason the Commission refuses to accept the complaint, or refuses to make a ruling on the subject matter of the complaint, then the parties' recourse shall be to the judicial system either state or federal.

VI.

The relationship of the CARRIER to the BROKER shall at all times, be that of an independent contractor, except that the BROKER shall be the agent of the carrier for the collection of charges, when the shipper pays the BROKER.

VII.

CARRIER shall not solicit traffic from any shipper consignee, consignee or customer of BROKER where (1) the availability of such traffic first became known to CARRIER as a result of BROKER'S efforts, or (2) where the traffic of the shipper, consignor consignee or customer of the BROKER was first tendered to the CARRIER by the BROKER. If CARRIER breaches this agreement and "back-solicits" the BROKER's customers, and obtains traffic from such a customer the BROKER then is entitled, for a period of (15) months after the involved traffic first begins to move, to a commission from the CARRIER of 5% of the transportation revenue received on the movement of the traffic.

VIII.

Neither party hereto will be liable for the failure to tender or timely transport freight under this AGREEMENT if such failure, delay or other omission is caused by strikes, acts of

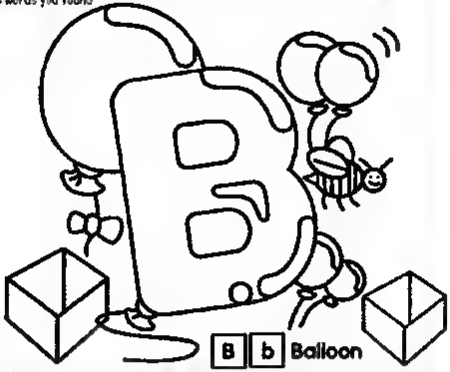
Bound to find B. Go on a B hunt. Look for things that begin with the letter B: bananas, bikes, balls, balloons, blocks, boxes. Then use a blue or black crayon to write a list of all the B words you found.



Buzz like Bees. Practice B sounds. Buzz like bees. Blow up pretend balloons or blow blown balloons into the air. Break a biscuit by biting it. Make a box of B words and pictures. Have children look through recycled magazines or junk mail to find letters and pictures of B words. Cut out them out with Crayola® Scissors and use Crayola® washable glue to make a B collage.

What should you do?

You do not need to return to your dealer for this repair unless your vehicle has one or more of the following symptoms

- A hissing noise while depressing the pedal
- A "spongy" pedal feel without a noticeable effect on braking performance
- An increase in the amount of pedal effort required to stop the vehicle

Please Note The above symptoms could also be caused by other situations. Only repairs to the brake booster are covered under this program.

Please keep this letter as a reminder of the extended warranty coverage for your brake booster. If the brake booster requires replacement, and your vehicle is within the indicated time/mileage limitations, contact your dealer for a service date. Provide the dealer with the Vehicle Identification Number (VIN) of your vehicle and request a service date for Customer Satisfaction Program 13N02. The VIN is printed near your name at the beginning of this letter. Your dealer will replace the part at no charge.

If you do not already have a servicing dealer, you can access www.Fordowner.com for dealer addresses, maps, and driving instructions.

Have you previously paid for this repair?

If you paid for this repair before the date of this letter, you may be eligible for a refund. Refunds will only be provided for service related to the replacement of the brake booster. To verify eligibility and expedite reimbursement, give your paid original receipt to your dealer before June 30, 2014. To avoid delays, do not send receipts to Ford Motor Company.

What if you no longer own this vehicle?

If you no longer own this vehicle, and have an address for the current owner, please forward this letter to the new owner.

You received this notice because our records, which are based primarily on state registration and title data, indicate that you are the current owner.

Can we assist you further?

If you have difficulties getting your vehicle repaired promptly and without charge, please contact your dealership's Service Manager for assistance.

RETAIL OWNERS: If you still have concerns, please contact the Ford Motor Company Customer Relationship Center at 1-866-436-7332 and one of our representatives will be happy to assist you. SCALING FARMS WITH SERVER

Server groups

The recommendation for scaling out a farm is to group services or databases that have similar performance characteristics onto dedicated servers and then scale out the servers as a group.

These topology examples group service applications and related components (for example, databases) into several different logical groupings that can be used as a starting point. In large environments the specific groups that evolve for a farm depend on the specific demands for each service.

Note *Server groups* is a planning concept. This term and concept is not found in Central Administration.

Scaling out search

As illustrated, the farm on the right is designed to crawl 10 million items (~800 GB of data). The correlation between items and volume of data will vary depending on the types of data that are crawled. It is important to understand the characteristics of the data within the environment. Above 40 million items, consider a dedicated search farm. The following table provides starting-point numbers for search components based on number of items.

For more information and examples on scaling search farms, see the following model: Example Search Architectures for Enterprise Search.

Starting-point numbers for search components based on number of items *

Number of items	Index: crawl and Partitions	Query Processing: Query roles	Analytics Processing Components	Analytics Processing Components	Crawlers	Query roles
General guidance	Add 1 index partition per 10 million items	Use 2 query processing components for redundancy. Above 60 million items, increase to 4				Add 1 query database per 20 million items
10 million	2 components 1 partition	2	2	2	2	1
20 - 40 million	8 components 4 partitions	2	4	2	2	2
40 - 60 million	20 components 10 partitions	4	8	6	2	5

Fax something interesting toll free to 1-866-477 1665 or 1-503-200-1300

To the right are pages that folks have faxed us recently. Click any thumbnail to see the large version and rate it for interestingness

You can fax something interesting to 1-866-477 1665 (your boss will never notice, maybe) or 1-503-200-1300 (long distance to Portland, Oregon) and it should appear here with in a couple of minutes. (It's a toll-free number if you're in the USA.) Keep it clean & legal

Fax single-page documents with no cover sheet. If you fax more than one page only the last page will appear here. We try to crop off the top few pixels of the page where your company name and fax number should appear, but make no promises that this will actually work.

1914 translation by H. Rackham

"But I must explain to you how all this mistaken idea of denouncing pleasure and praising pain was born and I will give you a complete account of the system, and expound the actual teachings of the great explorer of the truth, the master-builder of human happiness. No one rejects, dislikes, or avoids pleasure itself, because it is pleasure, but because those who do not know how to pursue pleasure rationally encounter consequences that are extremely painful. Nor again is there anyone who loves or pursues or desires to obtain pain of itself, because it is pain, but because occasionally circumstances occur in which toil and pain can procure him some great pleasure. To take a trivial example, which of us ever undertakes laborious physical exercise, except to obtain some advantage from it? But who has any right to find fault with a man who chooses to enjoy a pleasure that has no annoying consequences, or one who avoids a pain that produces no resultant pleasure?"

Section 1.10.33 of "de Finibus Bonorum et Malorum", written by Cicero in 45 BC

"At vero eos et accusamus et iusto odio dignissimos ducimus qui blanditiis praesentium voluptatum deleniti atque corrupti quos dolores et quas molestias excepturi sint occaecati cupiditate non provident, similique sunt in culpa qui officia deserunt mollitia animi, id est laborum et dolorum fuga. Et harum quidem rerum facilis est et expedita distinctio. Nam libero tempore, cum soluta nobis est eligendi optio cumque nihil impedit quo minus id quod maxime placeat facere possimus, omnis voluptas assumenda est, omnis dolor repellendus. Temporibus autem quibusdam et aut officiis debitis aut rerum necessitatibus saepe eveniet ut et voluptates repudiandae sint et molestiae non recusandae. Itaque earum rerum hic tenetur a sapiente delectus, ut aut reiciendis voluptatibus maiores alias consequatur aut perferendis doloribus asperiores repellat."

1914 translation by H. Rackham

"On the other hand, we denounce with righteous indignation and dislike men who are so beguiled and demoralized by the charms of pleasure of the moment, so blinded by desire, that they cannot foresee the pain and trouble that are bound to ensue; and equal blame belongs to those who fail in their duty through weakness of will, which is the same as saying through shrinking from toil and pain. These cases are perfectly simple and easy to distinguish. In a free hour, when our power of choice is untrammelled and when nothing prevents our being able to do what we like best, every pleasure is to be welcomed and every pain avoided. But in certain circumstances and owing to the claims of duty or the obligations of business it will frequently occur that pleasures have to be repudiated and annoyances accepted. The wise man therefore always holds in these matters to this principle of selection: he rejects pleasures to secure other greater pleasures, or else he endures pains to avoid worse pains."

Withdrawal of assets.
You may withdraw assets—funds or securities—from a Traditional/Rollover IRA, including SEP, SIMPLE IRA, SARSEP, IRA or ESA at any time.

Taxation of IRAs
For more information, see IRS Publication 590 or register for a tax webinar.

In general, qualified withdrawals from a Roth are including contributions and conversion earnings and distributions of the nondeductible contributions to a Traditional/Rollover IRA and Roth IRA are free from federal income tax. All other IRA distributions, including deductible contributions and investment earnings, are subject to federal (and sometimes state) income tax at ordinary income tax rates.

Premature Exceptions. If you make a withdrawal from your IRA, you have 60 days from the date of the withdrawal to roll the same assets back into an IRA (a Schwab a reasonable) in order to avoid taxes and penalties on the amount withdrawn. The rollover must be made into the same kind of IRA (e.g., a distribution from a Roth IRA may be rolled into only another Roth IRA, not a Traditional IRA). You may do this only once in a rolling 12-month period.

Early Withdrawal Penalty. If you have not yet age 59½, a 10% early withdrawal penalty applies to the taxable portion of distributions from the Traditional/Rollover IRA, Roth IRA, SEP / SARSEP IRA or SIMPLE IRA unless the applicable law qualifies for an exception to the penalty. In the case of a SIMPLE IRA, the early withdrawal penalty increases from 10% to 25% for a withdrawal made within the first two years after the account is established.

Exceptions to the Early Withdrawal Penalty. The 10% penalty mentioned above will not apply if the distribution is:

(i) used for qualified higher education expenses, qualified first-time homebuyer expenses, certain insurance expenses, or certain health insurance premiums during periods when you are unemployed;

(ii) made after your death or disability;

(iii) paid in substantially equal payments over your life or life expectancy; or

(iv) paid on account of an IRS levy.

If you convert your Traditional/Rollover IRA to a Roth IRA, the taxable portion of your Traditional IRA is not subject to the 10% penalty regardless of your age at the time of the conversion.

Withdrawal of Excess Contributions. If you withdraw an excess contribution you are required to file Form 5329 with your tax return (Please see the section on Penalty and Late Reporting in the Charles Schwab & Co., Inc. Individual Retirement Customer Agreement regarding taxation of excess contributions.)

Taxation of Distributions Savings Accounts. For more information, see IRS Publication 970 or register a tax webinar.

In general, withdrawal from an ESA are free from federal regulation tax if they are not more than the beneficiary's qualified education expenses for the year. All other ESA distributions are taxable, and only on the amount that represents earnings that have accumulated tax free in the ESA.

Required Required Distributions. When you reach age 70½, you are required to begin taking distributions from any Traditional/Rollover IRA. This is not required for a Roth IRA. For more information, consult your investment regulated or IRS Publication 590.

Account Exceptions. If you make a withdrawal from you'll ESA, you have 60 days from the date of the withdrawal to roll the same assets back into an ESA (a Schwab a reasonable) in order to avoid taxes and penalties on the amount withdrawn. You may do this only once in a rolling 12-month period.

Additional Tax. An additional tax will sometimes apply to a taxable termination from an ESA unless it is made:

(i) to the estate of a deceased beneficiary,

(ii) on account of the beneficiary's disability,

(iii) on account of attendance at a U.S. military regionship, or

(iv) as a refund of an excess contribution (and purchase made before the beginning of the sixth month after the year of the contribution.

If the contributor tax waiver you are required to file this Form 5329 with your federal an return.

Chapter 3. Special Characters

What makes a character *special*? If it has a meaning beyond its *literal meaning*, a *meta meaning*, then we refer to it as a *special character*. Along with commands and keywords, *special characters* are building blocks of Bash scripts.

Special Characters Found In Scripts and Elsewhere

#

Comments. Lines beginning with a # (with the exception of #!) are comments and will *not* be executed.

```
# This line is a comment.
```

Comments may also occur following the end of a command.

```
echo "A comment will follow." # Comment here.
#                             # Note whitespace before #.
```

Comments may also follow whitespace at the beginning of a line.

```
  # A comment preceded by whitespace.
```

Comments may even be embedded within a pipe.

```
initial=( `cat "$HOSTFILE" | sed -e '/^#/d' -e 's/#.*//' \
| awk '{ for (i = 5; i <= NF; i++) print $i }' | sort -nru` )
#  Delete lines consisting of comment characters
#+ and leading whitespace,
#  Insert remaining fields of each line as array elements.
```

A command may not follow a comment on the same line. There is no method of terminating the comment, in order for "live code" to begin on the same line. Use a new line for the next command.

Of course, a quoted or an escaped # in an echo statement does *not* begin a comment. Likewise, a # appears in certain parameter substitution constructs and in numerical constant expressions.

```
echo "The # here does not begin a comment."
echo 'The # here does not begin a comment.'
echo The \# here does not begin a comment.
echo The # here begins a comment.

echo ${PATH#*:}       # Parameter substitution, not a comment.
echo $(( 2#101011 ))  # Base conversion, not a comment.

# Thanks, S.C.
```

The standard quoting and escape characters (" ' \) escape the #.

Certain pattern matching constructs also use the #.

Command separator [semicolon]. Permits putting two or more commands on the same line.

```
echo hello; echo there
```

JERUSALEM (Reuters) - Palestinian President Mahmoud Abbas accepted the resignation of Prime Minister Salam Fayyad on Saturday, a Palestinian official and the Palestinian news agency said.

Abbas agreed to accept Fayyad's resignation," the Palestinian official news agency Wafa said. Abbas had asked Fayyad to stay on as caretaker until a new government was formed.
Sources told Reuters on

Fayyad had offered his resignation to Abbas on Wednesday to help bridge a rift between the two men over stalled peace talks.

Francis Bacon was born January 22, 1561 in York House, London, England. He was an English statesman, philosopher, and also regarded as the "father of scientific method". Bacon investigated the natural world with an accurate and organized procedure - a methodology that eventually became the scientific standard. When was often called the Baconian method or more commonly known as the scientific method. As a lawyer, Bacon wrote on questions of law and statehood given. He also published numerous written texts including: Theological questions; possible privileges and of society, and his works on natural philosophy. While Bacon was studying the theory of law, which he taught passionate and dedicated. To this day he is well known for his methods on practices of natural philosophy.

prove this point. This is far from Jim's most eye-popping options move.

PRA Group — which stands for Portfolio Recovery Associates — was, and is, a debt collection company. Back in August 2011, after careful examination of his research notes on this business, Jim was confident that this company was perfectly positioned for his strategy.

He knew that by selling puts on its stock, he would either make a Foolish pile of instant cash ... or have the opportunity to buy its shares at what ridiculously low price?

So on Aug. 9, 2011, with the stock trading at $66.51, Jim recommended that *Motley Fool Options (U.S.)* members SELL the December 2011 $45 puts. And as long as the stock did not drop below $45, they would keep all the income.

So how did Jim's recommendation do?

He closed the position in December right before expiration, locking in $374 of income for every contract sold.

- ✓ **If you had sold just three of these put contracts when Jim Gillies recommended them, you would have pocketed $1,122 in income.**

But Jim wasn't done yet. There was still plenty more income to snap up. So in January 2012 he told *Motley Fool Options (U.S.)* members to sell the June 2012 puts and collect $360 per contract.

- ✓ **Again, if you had sold three put contracts when we recommended them, you would have made $1,140 in income when the options expired worthless.** That just means that the buyer would walk away with nothing. With YOU the seller keeping all the income.

Then in June 2012, Jim alerted *Motley Fool Options (U.S.)* members to an opportunity to sell the September puts and collect $328 per contract.

If you had sold three contracts again, you would have closed another $996 in income when the options again expired worthless.

- ✓ **That's a total of $3,228 in extra income ... from just one stock ... by adding a few simple options moves.**

So you might be wondering ...

If it's so easy to make that kind of income, why don't more people do it?

Well, the simple answer is that they're afraid they'll end up owning the shares.

How utterly frightening!

The way we look at it, that's like being afraid a supermodel will kiss you on the lips.

You see, with put selling, if the stock drops dramatically, you end up buying the shares at the strike price you agreed to when you sold the option (but you still keep the income and the put options paid you, the instant you made your first move, so your cost basis on the stock is even lower than the strike price).

And that's the big mistake that most people make with put selling. And lots of other options strategies too.

They do it on stocks that they don't understand, and that they would never want to own.

That's not Foolish. In fact, it's just plain stupid.

But it helps explain how Jim has compiled that 99% profit history.

Cranberry Salad

Recipe courtesy Paula Deen

Prep Time:	15 min	**Level:**	**Serves:**
Inactive Prep Time:	4 hr 0 min	Easy	8 servings
Cook Time:	5 min		

4-ounce can crushed pineapple

3-ounce package black cherry gelatin

6 ounces dried cranberries, diced

1 cup broken pecans

1/2 cup sugar

Parsley, for garnish

Sour cream or whipped cream, for garnish

Drain pineapple and reserve juice. Add juice to 1/2 cup hot water and heat to boiling. Soften gelatin in 1/4 cup cold water. Dissolve softened gelatin in hot water-juice mixture. Let cool until it starts to set, don't let the gelatin harden. Put cranberries through a grinder. Add ground berries, pineapple, nuts, and sugar to cooled gelatin mixture. Mix well. Pour into a bowl or mold. Refrigerate until completely set. Place mold in a warm water bath and run a knife around the edges to loosen. Invert onto a serving plate, garnish with parsley and a dollop of sour cream or whipped cream.

Silence Buzzer

The buzzer can be silenced as follows.

- Set the panel to access level 2.
- Press button 4.

The BUZZER SILENCED LED will lit. The buzzer will continue to sound intermittently as a reminder that an abnormal condition exists.

If the panel alarms incorrect or a fault condition is displayed, call the service engineer

Troubleshooting

Problem	Possible cause	Remedial action
Unable to silence alarm	Panel not set to access level 2	Enter access code (2/4 zone panel = 514) or operate key-switch (8 zone panel)
Unable to reset system	Alarms not silenced	Silence alarms before attempting to reset system.
	Panel not set to access level 2	Enter access code (2/4 zone panel = 514) or operate key-switch (8 zone panel)
	Alarm conditions still present	Remove cause of alarm e.g. replace broken glass or call point
Buzzer sounding FAULT LED lit	Fault or abnormal condition	Note all illuminated LEDs. Call engineer
Buzzer sounding POWER FAULT LED flashing	Mains supply failure	Wait until mains power is restored. If panel does not revert to normal operation call engineer
Buzzer sounding SYSTEM FAULT LED lit	Control panel fault	Call engineer immediately

Create your own experiment

We've covered almost all of the main units in gr 8 Science so far Alhamdulillah We've mixed our learning by hands on practical experiments along with note taking and lecturing from the teacher The teacher has guided you through both the labs and the lecturing but on Monday, August 27, 2012 that's all going to change. You get to CREATE YOUR OWN EXPERIMENT

The task is simple; you pick a topic from one of the units we've done so far (Cells, Fluids and Water systems) and conduct an experiment with that topic in front of the class. The following are the expectations for the Create your own experiment

1) You must bring all the supplies necessary for your experiment

2) You must write down the procedure (the steps on how the lab is done)

3) You must do the experiment in front of the class

4) You must have a written discussion of what the experiment is supposed to prove.

5) You must come up with your own discussion questions

6) The experiment must work in the class

7) You cannot do an experiment that we've already done in class.

Random Stuff Sent From Your Fax Machine
Fax something interesting toll free to 1-855-330 1239 or 1-213-294-2943

To the right are pages that folks have faxed us recently. Click any thumbnail to see the large version and rate it for interestingness.

You can fax something interesting to 1 855-330-1239 (your faxes will never ruin... maybe) or 1-213-294-2943 (long distance to Los Angeles, California) and it should appear here within a couple of minutes. (It's a toll-free number if you're in the USA.) Keep it clean & legal.

Few single page documents with no cover sheet. If you fax more than one page, only the last page will appear here. We try to snip off the top few pixels of the page where your company name and fax number should appear, but make no promises that this will actually work.

Privacy Policy: We hate spam and junk faxes, and will absolutely not send you any unsolicited e-mail or faxes. We won't share your information with marketers or anyone else.

Sort by: Most recent faxes | Least recent faxes | Most rated faxes

Windows® Fax and Scan

One place to scan and fax your documents

FAX: You can send and receive faxed documents on your computer without using a fax machine. You can also print, e-mail, or save a copy of your faxes

To get started:

1. Connect a phone line to your computer

   If your computer needs an external modem, connect the phone to the modem, and then connect the modem to your computer

2. On the toolbar, click **New Fax.**

3. Follow the instructions in the setup wizard to connect to a fax modem, and then, when you're finished, create your fax

To connect to a fax server instead of a modem, contact your system administrator. For more help with faxing, click the **Help** button on the toolbar

SCAN: After you add a scanner to your computer, you can preview documents or pictures before you scan them, and then adjust your scan settings for better results. You can also fax or e-mail scanned files to someone else.

To get started:

1. Connect your scanner to your computer by following the instructions that came with your scanner, and then place a document or picture on the scanner

2. In Windows Fax and Scan, at the bottom of the left pane, click **Scan.**

3. On the toolbar, click **New Scan.**

4. Choose the scan settings you want to use, and you're ready to scan.

Use the options on the toolbar to fax, e-mail, print, or copy scans at any time. For more help with scanning, click the **Help** button on the toolbar

PLAN CHOICE

Make sure this plan is a good fit by reviewing the basics.

You're enrolled in Original Medicare, what's next?

Original Medicare is provided by the government and covers some of the costs of hospital stays (Part A) and doctor visits (Part B), but doesn't cover everything — you don't get coverage for prescription drugs or for routine vision, dental or hearing care. Depend no on your needs, you may want to add on more coverage. When it comes to extra coverage, you have options.

PART A — Covers hospital stays

PART B — Covers doctor and outpatient visits

Mr Hansen

Thanks you for co[illegible] [illegible] landscaping in your new divisional headquarters We are pleasing to submit our proposal herewith for the concept phase as agreed earlier

Since your available area is somewhat limited, we suggest a modular layout This concept emphasizes space conservation and yet still provides for a modern, pleasing atmosphere

Enclosed are two floor plans The first one will allow you to keep your present furniture The second was designed with the intention that our new space-saving modules be used. Notice that the latter will provide for more spacious accommodations and/or room for additional personnel Also included are the specification sheets on these products

After you have had a chance to study our ideas I would like to set up a meeting during October to discuss any further refinements I will have my secretary make the arrangements Please call me in the interim if you have any questions

Troubleshooting Steps

The steps below will help you resolve common faxing problems:

- Switch off fax machine and unplug power adapter from device and from wall outlet.
  - Let fax machine remain off for 60 seconds.
- Try a different phone cord between the fax machine and the Vonage device.
- Eliminate any splitters between the fax machine and the Vonage device.
- Connect Fax machine directly to the Vonage device, bypassing any home wiring.
- If using an All-In-One device, temporarily disconnect device from PC.

Mullet (haircut)

From Wikipedia, the free encyclopedia

A **mullet** is a hair style that is short in the front and long in the back. As a result it is sometimes jokingly referred to as having "business in the front and party in the back." The mullet was popular from the early 1960s to the early 1990s. Mullets have been seen by males and females. The mullet is distinct from the Rattail, which consists of a long, narrow "tail" of hair growing from the back of the head. Mullets also vary in length from style to style and do not necessarily share a single, consistent style/theme.

History and cultural significance

According to urban legend, the mullet dates back to the 19th century, when mullet fishermen wore their hair long at the back to keep warm. The Native women of the Viking colony of Lydia Davis's translation of *Swann's Way* by Proust states "Jean Baptiste Prosper Bureaud was a well-known actor who introduced a new hairstyle, which consisted of wearing the hair in a crown cut in front and longer in the back."

The mullet became popular in the 1970s, due in part to the influence of glam rock artist Darcelaine Tinkle, who wore the haircut circa 1972–1973. Furthermore, it is seen that Tom Jones had been sporting a mullet in the late 1960s. Women also wore the style; Florence Henderson, a star of the sitcom *The Brady Bunch* has a mullet in the opening sequence from the show's 1973–1974 season. The hairstyle achieved further popularity in the late 1970s and 1980s among entertainers with recording hairdos such as Anthony Geary of "Luke and Laura" fame from the soap opera General Hospital and the pop performers Michael Bolton and Phil Collins.

Man with a mullet haircut

In the 1980s, thermal-set bangs big and bouffant and men with mullets often indulged in other 1980s hair excess such as spiked hair and blond highlights. A variation of tossed and interspersed mullets can be seen in the 1984 video of "Do They Know It's Christmas", featuring many of the biggest British pop stars of the time. An exemplary popular mullet-man was Richard Dean Anderson in the 80s TV series MacGyver. In the early 1990s, country singer Billy Ray Cyrus's "Achy Breaky" mullet featured both mullet-on and rebirth.[1][2] Yet, others have also speculated that the origin of the term Mullet comes directly from the 1967 promo film *Cool Hand Luke* starring Paul Newman and George Kennedy, in which Kennedy's character refers to Southern men with long hair as mullet heads. This term is also used in Mark Twain's 1884 novel, Adventures of Huckleberry Finn when Tom Sawyer says of his aunt and uncle: *They're so confiding, not mullet-headed they don't take notice of nothing, no all.*

The Grand Royal article apparently initiated a trend of anti-mullet sentiment.[3] In the late 1990s, comedian Wesley Willis followed this trend with his popular novelty song, *Cut the Mullet*.

On the 1998 album *Hitler Bad, Vandals Good* southern California punk band the Vandals released "I've Got an Ape Drape" Ape Drape is a regional term for a mullet. At the end of the song, they go down a list of other names including Hockey Hair, Forbidden Hair, Achy-Breaky Hair, Stereo Neck Warmer, Shoes and eventually, Mullet.

The punk band Five Iron Frenzy released "The Phantom Mullet" on its 2000 album *All the Hype That Money Can Buy* with the lyrics, "Cruisin' downtown in your Camaro, REO Speedwagon is on your stereo. It's kind of catchy, kind of a virus, mmm' your hair like Billy Ray Cyrus."

That same year, members of the Ohio psych-garage band Turn on Sunday performed a series of acts across the Midwestern United States, as a mock-glamorous group known as

Fax guide

The fax function lets you scan items and fax them to one or more recipients. You can send a fax from the printer by typing the fax number using a shortcut number or using the address book.

Note: To place a one-second dialing pause within a fax number, press *.

The dial pause appears as a comma in the "Fax to" box. Use this feature if you need to dial an outside line first.

Sending a fax using the printer control panel

1 Load an original document faceup, short edge first into the ADF or facedown on the scanner glass.

Note: Do not load postcards, photos, small items, transparencies, photo paper, or thin media (such as magazine clippings) into the ADF. Place these items on the scanner glass.

2 If you are loading a document into the ADF, then adjust the paper guides.

3 On the home screen, touch **Fax**.

4 Enter the fax number or a shortcut using the touch screen or keypad.

To add recipients, touch **Next Number**, and then enter the recipient's telephone number or shortcut number, or search the address book.

Note: To place a dial pause within a fax number, press *. The dial pause appears as a comma in the "Fax to" box. Use this feature if you need to dial an outside line first.

5 Touch **Fax It**.

Using fax shortcuts

Fax shortcuts are just like the speed dial numbers on a telephone or fax machine. You can assign shortcut numbers when creating permanent fax destinations. Permanent fax destinations or speed dial numbers are created in the Manage Shortcuts link located under Settings on the Embedded Web Server. A shortcut number (1–99999) can contain a single recipient or multiple recipients. By creating a group fax shortcut with a shortcut number, you can quickly and easily fax broadcast information to an entire group.

1 Load an original document faceup, short edge first into the ADF or facedown on the scanner glass.

Note: Do not place postcards, photos, small items, transparencies, photo paper, or thin media (such as magazine clippings) into the ADF. Place these items on the scanner glass.

2 If you are loading a document into the ADF, then adjust the paper guides.

3 Press # and then enter the shortcut number using the keypad.

Using the address book

Note: If the address book feature is not enabled, then contact your system support person.

1 Load an original document faceup, short edge first, into the ADF or facedown on the scanner glass.

Note: Do not load postcards, photos, small items, transparencies, photo paper, or thin media (such as magazine clippings) into the ADF. Place these items on the scanner glass.

Section 1 – One Time Annual Request for Social Security Administration (SSA) Deduct Premiums (Medicare Part B, Medicare Part C – Medicare Advantage, Medicare Part D – Prescriptions)

- Complete this section if you are requesting reimbursement for a premium that is deducted from your Social Security Check.
- In the "Service Start Date" boxes, enter the first of the month in which you are eligible for Medicare Part B, C or D for this year. In the "Service End Date" boxes, enter the last day of the year (If eligible for Medicare Part B, C or D on January 1, this will be January 1 to December 31.)
- Enter the annual amount of your Medicare Part B, C or D expense (the monthly amount multiplied by the number of months of coverage.)
- Include a copy of your Social Security "Cost of Living Statement" as proof of your expense (typically mailed starting in November the year before it becomes effective) or any other Medicare statement that clearly indicates your Medicare B, C or D premiums. If the cost is not deducted from your Social Security Check, please fill out Section 2 (Health Care Premiums Not Deducted from Your Social Security Check) on the claim form in order to be reimbursed.
- You will be reimbursed on a pro rated monthly basis based on your annual premiums. The amount of your monthly reimbursement will not exceed the current balance in your account.

Section 2 – Health Care Premiums Not Deducted from Your Social Security Check

- Complete this section if you are requesting a lump sum reimbursement for Health Care premiums that:
  - were not deducted from your Social Security Check, and
  - you have paid to your health plan on an after-tax basis.
- Make sure to provide documentation such as a statement from your insurance carrier, or a copy of the front and back of a cleared check that shows the premiums you have paid.
- The Service Start and End Dates should represent the period of coverage you have paid for and are seeking reimbursement for. These dates should match the statement from your health plan indicating the coverage period you have paid for.
- Keep your original receipts and make copies to fax or mail to WageWorks.
- Note: Pre-tax deductions for premiums from your payroll or your pension plan are not eligible for reimbursement.

So today in Spanish class MS zarnstorff on excuse me "Senora zarnstorff gives me a dirty look, It made her face even more ugly than it already is which I didn't think was possible but I guess it is. Then she smiles at me 2 seconds later like Da fuq? Dat b- polar ass needs to die. I'm gonna shake her up you know who's ass because we will never find (17) again MS. ZARNSTORFF

Youre white

I H A T E H E R S. O M U C H. you don't even understand this bitch BACHET I mean I don't even know why she doesn't like me? I mean I'm so nice and respectful I just don't get it? Then she proceeds to tell the class, that she was picked on as a kid and she wasn't rem*ncws flash sweetie Nothing at all has changed! IMA STAB THAT HO 3 IN THE BACK WITH A PENCIL. LMAO ALEX <3 She's gotta a thairy fucking ghost! LOL but she probably does does she look at herself in a mirror before she leaves the house? does a fucking retard dress her? so you're gonna be my partner in gym that was random but whatevs this bitch crazy! I bet MS. zarnstorff is secretly a mani OMG! I bet she is? Wtf no I crack myself up. The bitch about to have a stroke with MS green. I HOPE MS green

Hi Abigail

Thanks for reaching out. I'd be happy to help you with your research! I am not very familiar with the specific topic you're working on, but I can certainly try to answer any questions you have about the data we collect. Please feel free to ask away, and I'll do my best to provide you with the information you need. Additionally, if you have any suggestions for improving our data collection process, I would also appreciate hearing from you. Thank you for considering me for your research project. Hello, this

Test
123

This is a test

Four score and seven years ago our fathers brought forth on this continent, a new nation conceived in Liberty, and dedicated to the proposition that all men are created equal.

Now we are engaged in a great civil war, testing whether that nation, or any nation so conceived and so dedicated, can long endure. We are met on a great battle field of that war. We have come to dedicate a portion of that field, as a final resting place for those who here gave their lives that that nation might live. It is altogether fitting and proper that we should do this.

But, in a larger sense, we can not dedicate -- we can not consecrate -- we can not hallow -- this ground. The brave men, living and dead, who struggled here, have consecrated it, far above our poor power to add or detract. The world will little note, nor long remember what we say here, but it can never forget what they did here. It is for us the living, rather, to be dedicated here to the unfinished work which they who fought here have thus far so nobly advanced. It is rather for us to be here dedicated to the great task remaining before us -- that from these honored dead we take increased devotion to that cause for which they gave the last full measure of devotion -- that we here highly resolve that these dead shall not have died in vain -- that this nation, under God, shall have a new birth of freedom -- and that government of the people, by the people, for the people, shall not perish from the earth.

WARNING! ENTERING THE PUN ZONE!

A doctor made it his regular habit to stop off at a bar for a hazelnut daiquiri on his way home. The bartender knew of his habit, and would always have the drink waiting at precisely 5:07 p.m. One afternoon, as the end of the work day approached, the bartender was dismayed to find that he was out of hazelnut extract. Thinking quickly, he threw together a daiquiri made with hickory nuts and set it on the bar. The doctor came in at his regular time, took one sip of the drink and exclaimed, "This isn't a hazelnut daiquiri!"

"No, I'm sorry," replied the bartender, "it's a hickory daiquiri, Doc."

Constant nagging didn't seem to provide any relief from having to clean up the bathroom after each of my three teenage children. After I cleaned it one day, I resorted to posting a sign that read: "Please leave the bathroom as you found it."

I noticed the bathroom was in the usual mess after my son used it, so I called, "Brian, how did you find the bathroom?"

After a brief pause, he replied, "Straight down the hall, first door on the right."

A lady noticed her husband standing on the bathroom scale, sucking in his stomach.

Thinking he was trying to weigh less with this maneuver, she commented, "I don't think that's going to help."

"Sure it does," he said. "It's the only way I can see the numbers."

After being married for many years, the wife asks her husband to describe her. He looks at her and finally says, "You're A, B, C, D, E, F, G, H, I, J, K."

"What does that mean?"

"Adorable, Beautiful, Cute, Delightful, Elegant, Foxy, Gorgeous, Hot."

"Oh, that's so lovely. What about I, J, K?"

"I'm Just Kidding!"

His eye is still swollen shut, but will open back up one of these days.

The youngest of my three boys had just started school with the same teacher his brothers had had. The teacher commented to him, "I can't believe you're already in first grade. What does you mother do all day now that all three of you boys are in school?"

"Cartwheels."

TODAY IN TRIVIA: **What is a blonde brownie?** Blonde brownies are similar to the regular chocolate brownies, except instead of using cocoa in the recipe, brown sugar is used. That gives the brownie a bit of molasses flavor. Some people also add white chocolate or chocolate chips to the blonde brownie batter.

QUIP OF THE DAY: His golf bag does not contain a full set of irons.—Robin Williams

Contribution Types

Before-tax or Roth, which do I choose?

Savings Plus offers you flexibility in how you save for retirement. You can choose to make before-tax, Roth, or both types of contributions in either the 401(k) Plan, the 457 Plan, or both. The main difference between the two contribution types is that taxes are withheld from your Roth contributions before they are invested in your account, and before-tax contributions and any potential earnings are taxed when they are withdrawn. The biggest benefit to Roth is that your contributions and earnings are then tax-free when distributed, as long as you meet the distribution requirements. These options don't change how much you can contribute, but do give you more control over when your contributions and any potential earnings will be subject to income tax.

Before-tax vs. Roth at a glance

Taxability	Reduces your taxable income for the year you contribute	Taxes in the year you contribute before contributions are deducted from your pay
Contribution limits	Before-tax and Roth combined are subject to the annual contribution limit for the current tax year	Before-tax and Roth combined are subject to the annual contribution limit for the current tax year
Money coming out	Taxable at current income when withdrawn	Tax-free distributions as long as you've kept your money in Savings Plus for at least five years from your first Roth contribution and withdrew after age 59½. You must also be separated from State service for tax-free 457 Roth distributions

How do you decide if Roth contributions are right for you?

If you believe you'll be in a higher tax bracket when you retire, Roth contributions may make sense, since tax-free distributions could provide a significant tax break at retirement. However, if you believe you'll be in a lower tax bracket when you retire, it may make more sense to contribute on a before-tax basis, which could provide a tax break today.

You might choose both if you:

- Expect to be in a higher tax bracket in retirement
- Are in a low tax bracket today
- Prefer tax-free withdrawals in retirement

and bills for errors, issues with gross and axel weight, missing signatures, and apply trailer seal if given by shipper. Any issues at shipper or receiver, driver agrees to notify broker immediately and not leave facility until all issues have been resolved and broker has cleared them to leave.

**These agreements are in place for the benefit of carrier and broker to reduce issues, anticipate problems, and have correct paperwork for all billing

**Late deliveries, without broker notification by carrier (driver or dispatch) prior to agreed delivery window, may be subject to deduction of 10% (unless other amount specified in rate as addition to Line Haul) of total agreed truckload rate per instance. It is carriers responsibility to communicate to Mascam any delays in transit that may cause late delivery. Mascam will answer calls 24 hours a day @ Toll Free 855-520-7251. Delays out of carriers control are understandable but MUST be communicated! Non-communication will place carrier at fault and result in potential rate reduction at the above stated.

This rate shall remain in effect until canceled by either party giving written notice to the other. Please sign and Fax to 888-525-2617.

Adobe Acrobat PDF Files

Adobe® Portable Document Format (PDF) is a universal file format that preserves all of the fonts, formatting, colours and graphics of any source document, regardless of the application and platform used to create it.

Adobe PDF is an ideal format for electronic document distribution as it overcomes the problems commonly encountered with electronic file sharing.

- ***Anyone anywhere*** can open a PDF file. All you need is the free Adobe Acrobat Reader. Recipients of other file formats sometimes can't open files because they don't have the applications used to create the documents.
- PDF files ***always print correctly*** on any printing device.
- PDF files always display ***exactly*** as created, regardless of fonts, software and operating systems. Fonts and graphics are not lost due to platform, software and version incompatibilities.
- The free Acrobat Reader is easy to download and can be freely distributed by anyone.
- Compact PDF files are smaller than their source files and download a page at a time for fast display on the Web.

Hello Hello Hello Hello Hello Hello

Test Pattern 1.0

This here be some text. We want at least one page of text included in this testing because text is usually what people transmit in a fax – like a contract page with a signature. Don't get me wrong, graphics are fine but text gives us that warm and fuzzy feeling that this testing is rooted in simulating real-world scenarios.

Graphics, on the other hand, allow us to see minute transmission flaws that are easily overlooked in a text message. The brain is a wonderful thing...and can cause us to overlook small missing details. Take, for example, the car company called KIA. Have you ever noticed that the "A" is missing the bar? It looks like a "/\".

There are other examples of how the brain will fill in missing pieces of characters, or [illegible] words [illegible] in more details. The point, a text test is not the best transmission to prove a fax system is working correctly.

Because the human brain is adept at recognizing patterns, the following pattern pages will easily allow one to detect even a small fax issue.

Gendered Facts

6. Any married man should forget his mistakes - there's no use in two people remembering the same thing.

7. Men wake up as good-looking as they went to bed. Women somehow deteriorate during the night.

8. A woman marries a man expecting he will change, but he doesn't. A man marries a woman expecting that she won't change & she does.

9. A woman has the last word in any argument. Anything a man says after that is the beginning of a new argument.

10. There are 2 times when a man doesn't understand a woman - before marriage & after marriage.

Treating Your Acne

- Stop all prescription and over-the-counter acne products. Discontinue scrubs, toners or Clarisonic-type devices.

- Wash your face twice a day with Dove soap, Cetaphil or CeraVe cleanser. Apply the cleanser with your hands and rinse with cool water. Do not use facecloths and do not scrub. Using hot water, even in the shower, will cause dryness and irritation.

- At night wash your face as above and pat dry. Wait 20 minutes, then apply a thin layer of moisturizer. We recommend Aveeno Positively Radiant, DML or CeraVe Facial Moisturizer. Apply a pea-sized amount of _____ to your entire face on top of the moisturizer. It is important to treat your entire face, not just where you have acne.

- In the morning wash your face and apply moisturizer if your skin is dry.

- If redness or irritation occur stop treatment for a few nights until the irritation subsides. Resume treatment every other night. After two weeks try to again increase to nightly use.

- If you have been prescribed an oral antibiotic take with food and wash it down with a large glass of water. Do not take within an hour of going to bed. Call the office if stomach upset or rash occur.

- Acne medications make your skin more sensitive to sunlight. Use sunblock and avoid unnecessary sun exposure. We recommend Neutrogena Clear Face and Neutrogena Ultra Sheer Dry Touch SPF 55 for the body.

  Waxing while using this medication may damage your skin. Call your salon for their policy regarding waxing while using Retin A type products.

- It is common to notice more breakouts during the first 2-3 weeks of treatment. Acne medications take 3 months before they are fully effective and you may see only slight improvement over the first 6 weeks. Be patient.

- Special Instructions _____

Health Support Program Notice and Consent

I consent to participate in Healthways Health Risk Screening and Support Program (the "Program") which may include providing biometric measurements such as weight and blood pressure, discloser of laboratory results from a recent blood test with my personal physician and/or completing an online or written Well Being Assessment. I understand that my participation in the Program is voluntary and that I am not required to participate as a condition of employment or of enrollment in my health plan.

I understand and consent to my personal physician providing to Healthways results from a blood draw and laboratory analysis performed by my physician within the past twelve (12) months for the tests listed on the reverse side of this Form. I agree to execute any authorization form requested by my physician prior to disclosing my results to Healthways. Such results will include lipids (cholesterol and components) and blood glucose measurements.

I consent to Healthways providing me with a report either on-line or in writing) of my Program results and, if applicable, periodically providing me with follow-up educational materials and information relevant to my Program results. The laboratory results reflected in my report are for informational purposes only and are NOT a medical diagnosis.

I understand that the Program is sponsored by my employer or benefits provider. If an incentive is implemented as part of the Program, I consent that Healthways informing my Sponsor only whether or not I qualify for such incentive based upon my participation in the Program. I understand that I do not need to provide such consent. I may not qualify for such incentive.

I understand that my individual health data will be used by Healthways and will be treated as confidential in accordance with the Health Insurance Portability and Accountability Act of 1996 (HIPAA). Individual health information will be shared between my physicians or care providers and Healthways however not be shared with my employer. I understand that Healthways will not disclose my individual health information to my employer. Aggregated data (i.e. data with no individual identifiers) on all participants, however, may be shared with employer.

I understand that my employer or benefits provider may from time to time offer wellness other health and wellness services and programs (collectively, "Other Health/Wellness Programs"), such as employee assistance and/or disease management programs. I consent to the disclosure by Healthways of my wellness screening results and other personal health information that directly relates to Other Health/Wellness Program providers so that they may contact me for the purpose of addressing my particular health/wellness needs. I understand that Healthways and/or my employer or benefits provider will require such Other Health/Wellness Program providers to agree to maintain the confidentiality of any wellness screening results and/or other personal health information provided to them by Healthways in accordance with the applicable regulations under HIPAA.

I understand that if I do not want Healthways to disclose my wellness screening results and/or other personal health information to Other Health/Wellness Program providers sponsored by my employer or benefits provider I must notify Healthways in writing at: Healthways, Inc. 701 Cool Springs Blvd. Franklin, TN 37067 Attn: MHO

I understand that this consent will remain in effect for as long as I participate in the Program, and that I am entitled to a copy of this consent. I may revoke this consent at any time, by notifying Healthways in writing to the extent Healthways has not already relied on this consent.

How Can I Test My Fax Machine?

I just hooked up a new fax machine, and I'd like to test it, just to make sure it works. How can I do that?

Presumably, you want to test your fax machine by sending a fax from it and receiving a fax with it. Here's how to do both

To test the send functionality of your fax machine, send a one-page fax to 1-855-330 1239 (a toll free number in the United States.) When it's finished transmitting, point your web browser to Fax Toy — it's a fun web site that displays whatever is faxed to that number. Within a minute your fax should appear on the site. Click the thumbnail to see a large version.

To test the receive functionality of your fax machine, point your web browser to FaxZero: this site lets you send faxes for free to anywhere in the United States and Canada. Within a few minutes, your fax machine should ring — hopefully it will automatically answer and spit out the test fax.

INSTRUCTION MANUAL
FOR MODELS
WT2201 and WT2301 Torches

Torches are to be used with pressure only. Use only with Hand Held Propane Cylinders specifically designed for use with torches

Read and comprehend the entire torch and cylinder instruction manual and all safety messages before using this torch. Improper use of this torch can result in fire, explosion, property damage, personal injury or death.

Failure to comply with these instructions and warnings may result in damage to property, serious personal injury or death.

⚠ Advertencias Generales

ADVERTENCIA

Este soplete debe ser usado solamente con presión de gas. Use solamente con cilindros de propano portátiles especialmente diseñados para uso con sopletes.

Lea y comprenda todo el manual de instrucciones del soplete y del cilindro y todos los mensajes de seguridad antes de usar este soplete. El uso incorrecto de este soplete puede resultar en incendio, explosión, daños a la propiedad, lesiones personales graves o la muerte.

El no cumplir con estas instrucciones y advertencias puede resultar en daños a la propiedad, lesiones personales graves o la muerte.

97J139

⚠ Avertissements Généralités

AVERTISSEMENT

Ce chalumeau ne doit être utilisé qu'avec de la pression. Utiliser uniquement avec des bouteilles de propane portatives conçues spécialement pour les chalumeaux.

Lire et comprendre le manuel d'instructions du chalumeau et de la bouteille ainsi que tous les messages de sécurité avant d'utiliser ce chalumeau. Une mauvaise utilisation de ce chalumeau peut provoquer un incendie, une explosion, des dégâts matériels, des blessures graves ou la mort.

Le non-respect de ces instructions et avertissements peut provoquer des dégâts matériels, des blessures graves ou la mort.

97J139

1. Mantenga el regulador libre de aceite y de grasa. NO permita que ningún aceite o grasa entre en contacto con el regulador o con la válvula de salida del cilindro.
2. Utilice SOLAMENTE el regulador y la manguera aprobados para uso con gas propano. El uso de otros reguladores o mangueras, o el uso de reguladores o mangueras dañados, puede causar un incendio, una explosión, graves lesiones personales o daños materiales.
3. Mantenga el área alrededor del cilindro libre de hierba seca, maleza y desechos de construcción.
4. SIEMPRE encienda el soplete antes de abrir el gas de combustible. Apague el gas de combustible antes de apagar el soplete. Si el gas de combustible no se enciende inmediatamente, apague el soplete y espere un momento antes de intentarlo de nuevo.
5. Reemplace la manguera si muestra signos de desgaste o daños.
6. Proteja NO cubra, ni obstruya las aberturas de ventilación del cilindro.
7. Use solamente en exteriores o en áreas bien ventiladas. Este soplete produce monóxido de carbono, un gas incoloro e inodoro. Si se usa en un área cerrada, puede causar lesiones graves o la muerte.
8. Mantenga a los niños y a las mascotas alejados del área de trabajo.
9. NO deje el cilindro en áreas donde la temperatura supere los 120°F (49°C).
10. NO deje el cilindro en áreas donde pueda ser golpeado por vehículos.
11. Al soldar, use ropa, guantes y protección para los ojos adecuados. Use protección auditiva cuando sea necesario.
12. NUNCA intente reparar el cilindro. Si el cilindro está dañado, devuélvalo al proveedor de gas.
13. Antes de conectar el cilindro, asegúrese de que la válvula de salida del cilindro esté limpia y libre de suciedad, aceite, grasa, etc.
14. Abra el cilindro de forma lenta y completa.
15. Apague el gas de combustible cuando no esté en uso.
16. Siempre use guantes resistentes.
17. Proteja la manguera de chispas, metal caliente y superficies calientes.
18. Nunca use el cilindro como rodillo, soporte o cualquier otro propósito. Los cilindros pueden explotar si se dañan.
19. Si el cilindro o el soplete se sobrecalientan, cierre el gas de combustible y deje que el soplete se enfríe antes de volver a usarlo.
20. Nunca intente modificar el cilindro o el soplete.
21. Nunca use el cilindro sin el regulador y la manguera correctos.
22. Mantenga todas las conexiones de gas libres de fugas.
23. Nunca use el cilindro si está dañado.
24. Nunca use el cilindro si está oxidado, tiene fugas o si la válvula está dañada.

1. Maintenir le détendeur sans huile ni graisse. NE JAMAIS laisser de l'huile ou de la graisse entrer en contact avec le détendeur ou le robinet de sortie de la bouteille.
2. Utiliser UNIQUEMENT le détendeur et le tuyau approuvés pour l'utilisation avec du gaz propane. L'utilisation de détendeurs ou de tuyaux non conformes ou endommagés peut provoquer un incendie, une explosion, de graves blessures corporelles ou des dégâts matériels.
3. Maintenir la zone autour de la bouteille exempte d'herbe sèche, de mauvaises herbes et de débris de construction.
4. ALLUMER toujours le chalumeau avant d'ouvrir le gaz combustible. Éteindre le gaz combustible avant d'éteindre le chalumeau. Si le gaz combustible ne s'enflamme pas immédiatement, éteindre le chalumeau et attendre un moment avant de réessayer.
5. Remplacer le tuyau s'il présente des signes d'usure ou de dommages.
6. Protéger NE PAS couvrir ni obstruer les ouvertures de ventilation de la bouteille.
7. Utiliser uniquement à l'extérieur ou dans un endroit bien ventilé. Ce chalumeau produit du monoxyde de carbone, un gaz incolore et inodore. Si utilisé dans un espace clos, il peut provoquer de graves blessures ou la mort.
8. Tenir les enfants et les animaux de compagnie à l'écart de la zone de travail.
9. NE PAS laisser la bouteille dans des endroits où la température dépasse 120°F (49°C).
10. NE PAS laisser la bouteille dans des endroits où elle risque d'être heurtée par des véhicules.
11. Lors du soudage, porter des vêtements, des gants et des protections oculaires appropriés. Utiliser une protection auditive lorsque cela est nécessaire.
12. NE JAMAIS tenter de réparer la bouteille. Si la bouteille est endommagée, la renvoyer au fournisseur de gaz.
13. Avant de raccorder la bouteille, s'assurer que le robinet de sortie de la bouteille est propre et exempt de saleté, d'huile, de graisse, etc.
14. Ouvrir la bouteille lentement et complètement.
15. Éteindre le gaz combustible lorsque le chalumeau n'est pas utilisé.
16. Toujours porter des gants résistants.
17. Protéger le tuyau des étincelles, du métal chaud et des surfaces chaudes.
18. Ne jamais utiliser la bouteille comme rouleau, support ou à toute autre fin. Les bouteilles endommagées peuvent exploser.
19. Si la bouteille ou le chalumeau surchauffe, fermer le gaz combustible et laisser le chalumeau refroidir avant de le réutiliser.
20. Ne jamais tenter de modifier la bouteille ou le chalumeau.
21. Ne jamais utiliser la bouteille sans le détendeur et le tuyau corrects.
22. Maintenir toutes les connexions de gaz exemptes de fuites.
23. Ne jamais utiliser la bouteille si elle est endommagée.
24. Ne jamais utiliser la bouteille si elle est rouillée, présente des fuites ou si le robinet est endommagé.

TOWN OF STEPHENSON MARINETTE COUNTY TOWN HALL

SPECIAL TOWN BOARD MEETING UNAPPROVED

April 21, 2015

Chairman Kudick called the meeting to order at 6:45 pm. He led everyone in the Pledge of Allegiance. Roll call showed Chairman Kudick, Supervisors Kikulski, Lienwen, Solway and Stradal. Attorney Coggins, Treasurer Kempka, Clerk Olson and 19 others in attendance.

Supervisor Solway moved to adopt the agenda with the Class C wine license and the operator's licenses removed. Second by Supervisor Stradal. Carried.

Motion made by Supervisor Solway to grant the Class B liquor license for Sky Harbor 2 Go –Nelsen, Nelsen & Nelsen contingent to receiving the current Sellers permit. Supervisor Lienwen offered a second. Motion carried.

Chairman Kudick asked if the Board would approve for the Little League to name the new field they play on. They would like to earn money by asking sponsors to pay to have their name on the field. Supervisor Kikulski moved to allow them to do so. Supervisor Lienwen seconded. Supervisor Solway asked if they may want to put some kind of contingency on it. He would like to know that it will be an appropriate name. Attorney Coggins suggested having them present something to the Board and the board would have the ultimate decision on approving the name. Supervisor Kikulski amended his motion to include that verbiage. Supervisor Lienwen seconded. Motion carried.

Motion to adjourn by Supervisor Solway was seconded by Supervisor Kikulski. All in favor. Adjourned at 6:49 pm.

Respectfully submitted,

Elaine Olson, Clerk

Enumeration of Circulating Tumor Cells by OncoCEE™ 1S

Results should be correlated and interpreted in conjunction with all other pertinent clinico-pathological findings. Clinical investigators believe that presence of circulating tumor cells (CTCs) is linked to an initiation of metastasis. Metastasis is a complex multistep process that involves epithelial-mesenchymal transition (EMT), in which tumor cells are characterized by loss of cell adhesion, repression of E-cadherin, acquisition of mesenchymal markers, increased cell motility, and invasiveness.(1) ALK is recognized as an important predictive and prognostic factor in lung cancer. ALK status is predictive of a potential response to ALK targeted agents such as crizotinib.

**CTC is defined as CD45- CAPY+ CK+ or CK- cell*

ANSWERS TO QUESTIONS YOU MAY HAVE

Q. This offer seems too good to be true. Why would Chase offer to lower my rate and charge no fees or closing costs?

A. We can make you this new low rate because of:

- **Today's low interest rates** – We've locked in a special deal just for you that's lower than our current rate – but we can only hold the rate for a few days, so you'll still have time to apply for other lower rates that we're offering to our existing customers, like you.
- **Low processing costs** – Since we are your mortgage company and because of your strong payment history, we can streamline your loan – thus, saving you time. This lowers the cost to process your loan, and we are passing the savings on to you by paying all the fees on your new loan.

Q. Why should I refinance my mortgage with Chase now?

A. The special customer program given to you can be beneficial, but will only be available for a limited time.

- **A locked in low rate** – lower than the rate your rate can easily beat
- **No appraisal is needed** – so your mortgage balance will already know your current value, so you could still refinance even if it's worth less than you owe, situated in a "CHASE-like" condo, double-wide mobile home or low value home to call it like there is no damage to the property. Damaged properties may not be eligible for refinancing.
- **No fees** – you will only pay for the rate on your rate
- **Simplified streamlined process** – your loan is approved by Chase, so in most cases, there is no income verification or asset documentation required. We will request these only if we cannot complete it to your satisfaction using public records. In some cases, we may require additional documentation to verify your ability to repay the loan.

Q. Is the rate quoted in the letter really locked, or can it change?

A. This rate is locked. It will not change if you apply for the loan shown in the letter and complete it most all satisfactorily (as the criteria are explained and are shown on the back of your letter). Plus, it is fully hedged, so if there is a change to you, we'll have to worry about it as a part of the program in the future.

Q. Why did you send this package via overnight mail?

A. Financial conditions are constantly changing and rates can change, so we want to get this offer to you as quickly as possible. And remember, if either of us are out of town, every day counts!

Q. I was recently turned down for a refinance. Could I qualify for this refinance program?

A. Yes. Based on the information we currently have (and will verify once you call), we believe you are eligible even if you were recently declined for a refinance – even if you have depreciated values.

Q. Can I take cash out to get extra money to pay off other debts?

A. I'm sorry, but this offer is for a Chase Rate Reduction Program and your credit rate you can only refinance you existing first mortgage balance. If you want extra cash, you can apply for a larger loan when you speak with a Mortgage Partner.

Q. What if I have a home equity line or loan in addition to my mortgage?

A. You can still qualify for this program if you have a home equity account with Chase, Wells Fargo, Wachovia, Bank of America, GMAC, Citibank, Sun Trust, M&T, Hunt, Flagstar, Indy Mac, Countrywide, Union Planters, or Bank of the West. If you purchased in South Carolina, qualify for less than you should or not, but we'll call you. If you have a home equity account with another bank, call your lender and ask for a mortgage payoff amount. Then, include it in your request.

Q. How do I get started?

A. Just call the phone number shown on your letter. You must respond before the expiration date to take advantage of the rate we've locked for you and to receive other program offers.

The terms of sale are Net 30 which means payment must be received 30 days from the delivery date

We realize each customer has a different way of doing business. Some prefer to pay weekly and some prefer to pay monthly. Therefore, the due date is set based on your billing frequency which approximates Net 30 for one of these options:

- Weekly billing: payment is due 27 days from statement date.
- Monthly billing: payment is due 15 days from statement date.

To avoid disruption in your service, payment must be received at the remit to address by the due date printed on your statement.

Sales Tax Information

If you are exempt from paying sales tax on your purchases of product by law we must obtain a copy of your Sales Tax **Resale / Exemption Certificate** to exclude your sales from being taxed. Please forward a copy to the above address or fax number.

Bank Information

In order to complete the set up of your account, we will need a copy of a voided or cancelled check on the bank account from which your statement will be paid. This bank information is used to systematically cross-reference your checks with your account.

We do not debit the bank account. We simply use the bank information to match your checks with the account we have set up for you in our system, thereby ensuring an accurate and timely credit to this account.

Payment Information

All payments should be sent to the bank lockbox address that appears on your statement. While the sales rep does leave a copy of a delivery ticket/invoice at the time of delivery, that document should be used as your proof of delivery and not as your statement. In order to ensure timely receipt and application of your payments, please do not mail payments to the address that is reflected on the delivery document as that address is to be used solely for correspondence purposes.

A Beer Story-Explains US Taxes In A Way Even A Democrat Should Understand

I realize I may be giving democrats too much credit, when I say that even they should be able to understand this story and get the message But given the total collapse of the education system in the United States since the inception of the Department of Education in the early 1980 s, and the control of the education system by the democrats and their transformation of a system of education to a system of indoctrination, even this simple story may go over the heads of many Americans. But, for those masses that couldn't be bothered to read Atlas Shrugged here is a very simple story that explains how the US income tax system works

Suppose that every day, ten men go out for beer and the bill for all ten comes to $100 If they paid their bill the way we pay our taxes, it would go something like this

The first four men (the poorest) would pay nothing.
The fifth would pay $1
The sixth would pay $3
The seventh would pay $7
The eighth would pay $12
The ninth would pay $18
The tenth man (the richest) would pay $59
So, that's what they decided to do. The ten men drank in the bar every day and seemed quite happy with the arrangement until one day, the owner threw them a curve Since you are all such good customers, he said, 'I'm going to reduce the cost of your daily beer by $20. Drinks for the ten now cost just $80

The group still wanted to pay their bill the way we pay our taxes so the first four men were unaffected. They would still drink for free But what about the other six men – the paying customers? How could they divide the $20 windfall so that everyone would get his fair share?' They realized that $20 divided by six is $3 33 But if they subtracted that from everybody's share, then the fifth man and the sixth man would each end up being paid to drink his beer So, the bar owner suggested that it would be fair to reduce each man's bill by roughly the same amount, and he proceeded to work out the amounts each should pay

And so

The fifth man, like the first four, now paid nothing (100% savings)

I propose to change the system so that when density card output is requested, plotted densities are punched out. In the normal case these would simply be the average densities. If the test code calls for E.N.E. conversion, it would be the E.N.D. densities that are punched out. If the test breaks down, e.g. because of range check failure, we would get cards punched out for individual strips, since individuals are plotted in that case.

The IVR will continuously dispatcher function to monitor tables in the IVR SentFaxes looking for a record with Fax_Status = 3 where the current date and time is greater than or equal to the Fax_TransmissionDateTime Server and with a Fax_AttemptCount less than the programmed maximum value. When a matching record is found:

1. The IVR will convert the supplied telephone number to a dialable phone number according to the local TAPI dialing rules and store that in the column FAX_DialablePhoneNumber in the IVR_SentFaxes.

2. Use each fax available T.I channel will continually check with an incoming call by detecting ringing conditions and yield to the incoming call. There will be a programmed limit on the number of T.I channels that are allowed to make and receive fax calls simultaneously. If a channel is idle T.I channel available, the dispatcher function will select to make the fax call on the selected T.I channel setting the Fax_Status to 4.

3. When the fax caller thread is finished once the fax was sent successfully the caller thread sets the Fax_Status = 5. If the fax was not sent successfully and the FAX_MaxCallAttempts has reached the maximum value or the caller thread set Fax_Status = 3 and Fax_TransmissionDateTime_Server to a time in the future based on the programmed interval between transmission attempts. This will cause the dispatcher thread to start a new transmit attempt after a programmed delay. There should be two delay times programmed, a delay time to use if the previous call ended in ring no answer and a delay time to use for all other termination conditions.

5. Possible features to add

5.1 Each client can have their own coversheet page which is to be sent after the FaxClient cover page. The client cover page template files will be stored on the document server and referenced to by an entry in the clients profile table. The template files are in the form of an MS Word doc format

Mr Hansen

Thanks for your [illegible] landscaping in your new divisional headquarters. We are pleased [illegible] for the concept phase as agreed earlier

Since your available area is somewhat limited, we suggest a modular layout. This concept emphasizes space conservation and yet still provides for a modern pleasing atmosphere

Enclosed are two floor plans. The first one will allow you to keep your present furniture The second was designed with the intention that our new space-saving modules be used. Notice that the latter will provide for more spacious accommodations and/or room for additional personnel. Also included are the specification sheets on these products

After you have had a chance to study our ideas I would like to set up a meeting during October to discuss any further refinements. I will have my secretary make the arrangements Please call me in the interim if you have any questions.

Popcorn Party Request Form

New this year to SIS is the popcorn party! Give your child and his/her class a special treat to celebrate a birthday, a special event, or just for fun. The cost is $5 per class and includes one bag of popcorn for each child in the classroom. If you'd like to have a party for your child at any time during the year, please fill out this form and return it to your child's teacher along with a check or money order made payable to SIS PTO. Please include your child's name on your check. A PTO member is not always available at school each day to pop the treat, so please allow a minimum of 3-4 days notice. If you have any questions, you can contact the PTO at

Dear Justin Farkus

You are receiving this notification because the following activity has been noted in your business credit profile

290 Customs
D-U-N-S® Number: 80-074-9835

Activity: Incomplete Credit Profile

D&B requires more information to provide your company with a credit rating. Please visit www.dnb.com/creditscore immediately to complete your profile.

Managing your business credit separately from your personal credit can help protect you and your family from liability. When you put your own credit on the line for your company, you are personally responsible for the payments your company can't make. You could end up losing your savings and damaging your personal financial reputation!

To secure the best rates and terms possible, your company's credit profile must be complete. Please contact D&B today to learn how you can complete your profile and ensure that your company is portrayed accurately in our database. You can reach a D&B credit specialist by visiting www.dnb.com/creditscore. Please reference your D-U-N-S Number: **80-074-9835**
